2021 On-Call Contracts**

Hazardous Materials Services

DT-0330 Part II Additional Requirements

- A. Respond to the following items, in order.
1. Ensure that all information provided on the DT-0330 Part 2 relates to the TDOT-specific proposed team for this contract ONLY. In Section E, only include Section E resumes for staff who will provide services under this contract and ensure that each resume includes a brief description of work history and in item 18 note any 8-hour refresher or other training classes attended and the date attended.
 2. For each staff member for whom a resume is provided in Section E of the DT-0330 Part 2, indicate the estimated availability for each person to work on TDOT projects by providing a percentage of time the staff person can dedicate to TDOT projects.
 3. Ensure that examples provided in Section F of the DT-0330 Part 2 are only for projects for which your firm provided hazardous materials related services (as would fit within the scope of services described in the Advertisement for this on-call contract).
 4. Will the firm commit to providing on-site personnel who are trained (DOT / IATA) and capable of completing and signing TDEC, landfill, and disposal contractor-required waste profile and manifest forms within 60 days of contract signing?
- B. Scenario Questionnaire
1. Describe your procedures for safely and efficiently completing asbestos surveys on bridges. Also list or describe bridge components that require investigation and potential sampling during an asbestos survey.
- C. Provide any additional information or qualifications to demonstrate how your firm meets the criteria listed in the Advertisement.
