

Litter Grant Program

Tennessee Department of Transportation

Highway Beautification Office

Currently there are 95,523 miles of roadway in Tennessee. Of this amount, the Tennessee Department of Transportation (TDOT) controls 13,807 miles of roadway and 3,961 miles of this are classified as scenic.

Litter prevention and pickup efforts are critical to keeping roadways safe and maintaining the natural beauty of Tennessee. TDOT spends approximately \$15 million annually on litter prevention and pickup. This figure also includes maintenance contracts that require litter removal before right-of-way mowing.

In 1981, the Soft Drink and Malt Beverage Industries took a comprehensive, proactive approach to prevent their bottles and other trash from becoming litter along Tennessee roadways. As good corporate citizens, the industry lobbied to establish a tax on their products to help fund litter prevention in Tennessee. Since 1983, the tax revenue from TCA § 67-4-402 and TCA § 57-5-201 has funded TDOT Highway Beautification Office's Litter Grant Program. The law gives TDOT discretion on how to best use the funds to clean up and prevent litter, and matters related to litter, such as recycling or litter in storm water runoff.

Litter Grants are available to all 95 counties. The amount of funding a county receives is determined by a formula based on population and road miles. The Litter Grant Program supports a variety of programs and activities that help reduce litter throughout Tennessee. Through the efforts with collaborative county partners, the Litter Grant Program is responsible for removing an average of 11,300 tons of litter each year. Over the 33 year history of the program (1983 to 2016) this equates to the removal of more than 310,000 tons of litter from our roadways

Grant Application Instruction Packet

In order for a county to receive state funds through this program, completed applications must be submitted by **June 30, 2020**. This set of instructions is designed to guide counties as they apply for the upcoming grant opportunity.

Required Documentation

TDOT requires county governments to submit four documents as part of the grant application package:

1. Resolution
2. Work Plans
3. Education Plan
4. Litter Grant Budget

Step 1: Resolution

The first step in applying for a TDOT Litter Grant is to create a county resolution. The resolution must clearly indicate the following items:

1. Fiscal Year for which the county is applying for TDOT Litter Grant funds
2. The county's intention to apply for Litter Grant funds
3. An understanding that accepting Litter Grant funds imposes a legal, contractual obligation upon the county
4. The county executive's name
5. An affirmation that the aforementioned executive is authorized to sign contracts and other necessary documents.
6. Date of approval by the County Commission
7. Notarization

An example resolution can be found on page 5.

Step 2: Work Plan

The following step is to create a work plan. While there is no official template, a county must clearly indicate the type of work they plan to complete using Litter Grant funds. This plan should outline the general scope of planned work, as well as specific details. For example, a county should report whether inmate labor will be used in clean-up efforts, and state that safety gear will be worn by all work crews when working along the right of way.

An example work plan can be found on page 6.

Step 3: Education Plan

The next step is to develop an education plan. The Litter Grant Program requires that participating counties use a pre-established portion of funds for educational purposes. There is no official template for this document; however, counties must identify their educational targets for the year. These might include K-12 students, businesses, the general public, media campaigns, or government education efforts. In this section, counties should include planned events and describe activities which may be conducted as part of their targeted efforts.

An example education plan can be found on page 7.

Step 4: Litter Grant Budget

The final step entails submitting a budget. This budget must match the contract amount exactly. A county may choose to move funds from salary and benefits or direct costs into education, but may not move education funds to another schedule/line item. While the official grant budget as shown in the contract will have several additional lines, Litter Grant participants are only required to list amounts for salaries and benefits, direct costs, and education efforts.

An example budget can be found on page 8 and 9.

Attachment B – Work Plan

EXAMPLE Work Plan for _____ County FISCAL YEAR ____ - ____

_____ County proposes to utilize prisoners housed in the county jail to collect litter and trash along County and State roads within the County’s boundaries. The prisoners will be transported to and from work by means of a covered truck. During transport, a driver and guard will be present in order to provide necessary security and oversight of prisoners during work periods away from the jail/workhouse. No prisoners involved in roadside litter pick-up activities will have a felony conviction.

It is proposed that litter and trash collection will take place five (5) days a week using an area rotation system. The rotation will accomplish two things: 1) It prevents an excessive build-up of litter in any area, and 2) It prevents the possibility of transporting prisoners to a recently cleaned area where inmate labor would be less efficient and effective.

Any illegal dumps along roadsides will be cleaned up. These will also be reported in detail on all monthly progress reports submitted to TDOT.

All litter workers, guards, drivers, or prisoners will be required to wear safety vests at all times while working on or near a roadway. Work gloves, litter bags, and tools will be used for the purpose of litter collection. County personnel will ensure that a first-aid kit and adequate drinking water will be present at each worksite. Lunches will be provided to all prisoners who participate in the litter collection of the Litter Grant Program.

Specific roads covered for litter collection, pounds of litter collected, and other pertinent information will be reported and submitted in the required monthly report to TDOT.

Guidelines for Grant Recipients

1. Program Scope

TDOT provides Litter Grant funds statewide to all 95 counties based on a formula of road miles and population. These funds may be used for:

- Collection of litter and trash along county and state roads within the respective counties.
- Fund expenses including but not limited to salaries, administration, and the purchase, maintenance, and operation of equipment.
- No more than 10% of grant funds may be used for advertising or promoting a litter and trash collection program.
- Funds may not be used to purchase supplies, materials, or equipment displaying the name or likeness of any individual. (TCA 41-2-123, part c)
- Litter Prevention Education Outreach and Programming, Recycling Education and Outreach, and Community Cleanup events. More details on pages 14-17.
- After contract is signed, funds may not be moved out of Schedule 3 (Education Funds). However, funds may be moved into Schedule 3 (Education Funds) upon request.
- Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101 et.seq., addressing contracting with persons as defined at T.C.A. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Grant Contract. The Grantee certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.
- Travel Requirements. Travel must be project related and ALL conference and/or out-of-state travel must be preapproved by the Grantor State Agency even if included in the budget line items, and shall be contingent upon and limited by the Grant Budget funding for said reimbursement.
The Grantee, upon request, must include (in addition to other invoice requirements of this Grant Agreement) a complete itemization of travel compensation requested in accordance with and attaching to the invoice appropriate documentation and receipts as required by the above-referenced "State Comprehensive Travel Regulations."
- Promotional items purchased must have a connection to litter prevention programming. TDOT staff reserve the right to deny reimbursement for items with no explainable connection. To avoid having promotion items denied, please ask for approval before purchasing.
- The grant allows for up to \$4,999.99 to be spent on trailers or other equipment directly related to litter prevention activities. See more under FAQ's on page 19.

Reimbursement Invoices

- Invoices must be submitted to TDOT on a monthly basis to tdot.hbo.invoices@tn.gov. Please ask TDOT staff for fillable versions of these pages, complete with financial formulas.
- Invoices should be received within 15 days of the end of the month for which reimbursement is requested.
- If no activity was completed during a month, recipients must send a progress report indicating such.
- Invoices must be submitted sequentially; all previous months must be submitted before payment can be authorized for a subsequent month.
- Recipients should maintain all paperwork and invoice packets for the previous three fiscal years in order to be prepared for TDOT desk reviews and audits.

Schedule 1 – Salary and Benefits

Grant recipients may request reimbursement for employee salary and benefits expenses.

- a. Time sheets must clearly distinguish between litter grant activities and hours worked for other county tasks.

Frequently Asked Questions

Q: Our County has an issue with dead animals on the side of the road. How can TDOT help?

A: TDOT Maintenance workers will cleanup and dispose of animal carcasses on the side of state highways. The state does not have a contract for dead animal cleanup. County and local roads need to be cleaned up locally, and the county landfill will take animal carcasses. Most convenience centers will not take animal carcasses; take them straight to the landfill. Litter Grant can pay for tipping fees associated with the roadside cleanup of dead animals.

Q: Can any Litter Grant funds be applied to vehicles or other large capital purchases?

A: No. The grant allows for up to \$4,999.99 to be spent on trailers or other equipment directly related to litter prevention activities. Litter Grant does not track the depreciation of assets, nor does it pay for the purchase of vehicles which could be used for non-cleanup related activities. Vehicles must be purchased locally outside of the grant.

Q: Will Litter Grant pay for a county welcome sign that contains a litter free message?

A: Yes. Any sign purchased through the grant must meet the 'Welcome To' guidelines specified by TDOT and be located on the state's right-of-way. If you are interested in this type of sign, please contact Mike McClanahan at Michael.McClanahan@tn.gov, or (615) 741-0803.

Q: Can Litter Grant funds be used for cleanup activities near bodies of water?

A: The Highway Beautification Office is interested in making connections between litter prevention and water quality. That said; the primary focus of grant funding is for road-side cleanup activities. If a community is interested in funding a clean-up around a body of water, we encourage you to organize a volunteer pickup and label the associated expenses as education costs. The grant will not fund clean-ups around a body of water as part of a county's normal monthly pickup operation.
