BRAND GUIDELINES

This brand guidelines document is designed to ensure all uses of the **Nobody Trashes Tennessee** brand and logo are consistent. Maintaining continuity in the presentation of the brand and ensuring it appears as designed whenever used increases brand awareness and recall. Please review and follow these guidelines so we can all work together to create synergy for the **Nobody Trashes Tennessee** campaign.

PRIMARY LOGO

Together, the Logo, Roadline, and Signoff create the NOBODY TRASHES TENNESSEE Primary Logo. The Primary Logo represents the most significant element of corporate identity and should be used on all aspects of branded communication. The Primary Logo should never be altered, tilted, distorted, manipulated, or disassembled on any application.

Please provide Denise.Baker@tn.gov or Brittany.R.Morris@tn.gov with proofs of all items using the **Nobody Trashes Tennessee logo** for approval before beginning production.

LOGO FORMATS

While use of the Preferred Logo is encouraged, there may be cases where a horizontal format is necessary due to space constraints. As with the Preferred Logo, color, size, and clear space requirements apply. Never attempt to recreate the either logo from scratch, as the unique relationships between the log elements are difficult to match. If you do not have the logo in a format suitable for your need, please contact the Communications Department.

CLEAR ZONE LOGOS

The following is the clear zone rule for the Primary Logo. In order to gain maximum visibility, the Primary Logo should always appear with a minimum area of clear space around it. This area should be free of any type or graphic element. The minimum clear space is defined as the width of the "N" in the Logo. This clear zone should be maintained as the Logo is proportionally enlarged or reduced in size. This rule applies to all versions of the NOBODY TRASHES TENNESSEE Logo on all mediums.

LOGO MISUSE

The integrity of the Logo should be respected at all times, in all places. Please do not stretch, alter, augment, or distort its form. See below for examples of what not to do.

Never shrink the Logo

Never stretch or distort the Logo

Never crop or block the Logo

Never make the Logo text lowercase

Never change the color of the Logo

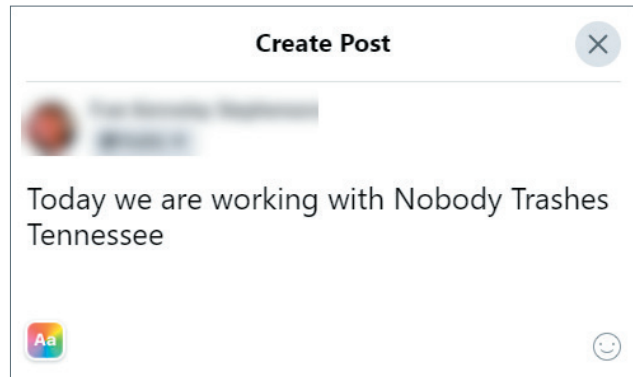

Never add anything to the Logo

USE OF LOGO IN SOCIAL MEDIA SPACES:

When referring to the brand in the text of social media posts, it should read Nobody Trashes Tennessee and should appear as three separate words with each word capitalized and a space between each word.

When tagging the brand in social media, the name will come up as you start to type it. Make sure that you delete double words before or after the tag.

USE OF HASHTAG:

The official hashtag is:

#NobodyTrashesTennessee

No spaces should be used between words and symbols in the hashtag. We would prefer capitalizing the beginning of each word as it is more friendly for those with accessibility issues.

Please provide Denise.Baker@tn.gov or Brittany.R.Morris@tn.gov with proofs of all items using the **Nobody Trashes Tennessee logo** for approval before beginning production.
