ASTM D638

ASTM D648

ASTM D883

ASTM D1600

ASTM D1784

ASTM D2122

ASTM D2152

ASTM D2412

ASTM D2444

ASTM D3212

ASTM F412

ASTM F477

ASTM F1057

PROCEDURES

The Tennessee Department of Transportation will use the National Transportation Product Evaluation Program's (NTPEP) National Audit Program (NAP) in its approval process. All PVC Drainage Pipe products must also meet TDOT standard drawings and specifications. Manufacturers will be required to submit to the NTPEP PVC audit program annually.

Inclusion on the Producer List is based on certification that the manufacturer meets the above specifications, and a review of the final audit report along with corrective actions and conformance testing will be considered in the evaluation.

All submittals must be submitted to Headquarters Materials and Tests Division at the contact listed below.
