Build Alternative – Improvements consist of widening the existing two-lane roadway along SR-66, from SR-34 to near Speedwell Road/Old Highway 66, from ten-foot travel lanes (existing) to 12-foot travel lanes (proposed), adding paved shoulders four- to ten-feet in width, adding an intermittent 12-foot-wide two-way left-turn lane and two-foot curb and gutter, as well as adding 5-foot sidewalks near the beginning of the proposed project.
