

NOTICE TO CONSULTANT ENGINEERS REGARDING A REQUEST FOR PROPOSALS

July 29, 2026

(Construction Division)

On-Call General Engineering Consultant for CEI & MEI Services on various construction and maintenance projects, Statewide, RFP

Responses to questions/comments

August 6, 2026

Q1: Can TDOT allow organizational charts to be presented on an 11x17 page? If so, will they still count as one page?

A1: Yes. An organizational chart may be presented on an 11" × 17" page, and it will count as one page toward the proposal page limit.

Q2: Given the potential large size of teams, can TDOT allow for organizational charts to be presented on two pages?

A2: Yes. Organizational charts may be presented on two pages, provided the overall proposal does not exceed the maximum page limit of 75 pages.

Q3: Are there any firms that are conflicted to responding to this RFP as a prime or a sub?

A3: No firms are currently identified as being conflicted from responding to this RFP. Any firm on TDOT's pre-qualified consultant list may submit as a prime consultant or a subconsultant. A firm may also submit a proposal as a prime consultant while simultaneously participating as a subconsultant on one or more other teams' proposals.

Q4: Can Section F projects be more than one page as long as we submit no more than 10 projects?

A4: Yes. Individual Section F project descriptions may exceed one page, provided the overall proposal does not exceed the maximum page limit of 75 pages.

Q5: Please confirm proposals are due on September 7, which is Labor Day.

A5: The September 7 due date was an oversight. A revised advertisement will be published reflecting a new proposal due date of **September 9th**. Will the pre-submittal meeting also be virtual? If so, will TDOT send invite instructions?

Q6: Will the pre-submittal meeting also be virtual? If so, will TDOT send invite instructions?

A6: No. The pre-submittal meeting will be held **in person only**; a virtual option will not be available.
