Q1: When is this project expected to go to bid for contractors and what is the expected start date for construction?

A1: No letting date for this project yet. The letting date will be finalized once a firm is under contract and they, along with the TDOT PM, have had a chance to meet with all the disciplines and finalize a schedule. All we know currently is that this project is scheduled to go to construction in 2030 per TDOT's 10-year Plan.
