

Fairview Boulevard (State Route 100) Improvements

March 2026

Project Description

The Tennessee Department of Transportation (TDOT) is constructing an improvement project along State Route 100 (Fairview Boulevard) in Fairview, from the Fairview Recreation Center to near Bowie Lake Road.

Project components include the installation of curb and gutter, a storm drainage system, and 5-foot sidewalks in the following areas:

- From the Fairview Recreation Center to King Road: Sidewalks on the westbound side of SR 100
- From King Road to Cumberland Drive/Crow Cut Road: Sidewalks on both sides of SR 100
- From Cumberland Drive/Crow Cut Road to Bowie Lake Road: Sidewalks on the westbound side of SR 100

Improvements also include the installation of dedicated left turn lanes, a new traffic signal, and school zone flashing signage at Crow Cut Road and Cumberland Drive.

Completed Work:

Crews have completed a necessary extension of a box culvert just southwest of Cumberland Drive, as well as grading and installing storm drains around the intersection with Fairview Boulevard.

Active Work:

- Installation of concrete pipes with area drains.

Pipe trenching.

Left: Compacting soil. Right: Grading (leveling) soil.

As crews cut away from the existing roadway to install concrete drainage pipes, the area must be backfilled with soil and stone to eliminate any dangerous drop-offs for traffic.

Upcoming Work and Traffic Impacts:

The contractor on this project (Eubanks) continues to work around Cumberland Drive and the school, resulting in single-lane closures and flagging. Be aware that other contracted crews (Phillips) may be in the area, clearing debris from Winter Storm Fern off of state routes and interstates in Williamson County. Thank you for slowing down and moving over in these work zones!
