

Nolensville Pike / State Route 11 Widening Newsletter

November 14, 2024

Phase I Project Description:

The project widens Nolensville Pike from a two-lane to a 5-lane road (including a dedicated turn lane and bike lanes). It stretches from south of Burkitt Road to near SR 254 (Old Hickory Boulevard). The project includes reconstruction and widening for approximately 4.4 miles. The proposed improvements are intended to address congestion, improve safety, and accommodate growth in this rapidly developing area.

Due to the size of improvements to SR 11, TDOT has split this project into two phases. Phase 1, from north of Mill Creek to near SR 254 in southern Davidson County, is currently under construction.

Phase I Progress

[Subscribe](#) to our email list.

- **Completed Work:**
 - Drainage structures installed from Bluff Road to Holt Road and Brooklawn Drive to Shane Point
 - Utility poles and buried utilities (water, sewer) placed
 - Box culvert for Stream Two relocation completed
 - Stream Two relocation work completed

- Construction started on retaining walls (seven total) and box culverts (three total)
- Grading operations
- Stream mitigation work
- Water, sewer, and gas installation
- Setting utility poles for overhead relocation
- Holt Road closure and construction
- **Upcoming Work:**
 - Grading operations with blasting as needed
 - Stream relocations
 - Underground and overhead utility relocation

Holt Road Closure and Speeding Concerns

TDOT and Civil Constructors have been meeting with Nashville leaders to discuss speeding and cut-through traffic concerns related to the closure of Holt Road.

The following additional measures have been taken:

- Speed feedback signs placed on Nolensville Road, Sherbrooke Lane, Brookview Forest Drive, and Holt Road east of Redmond Lane
- Communication with Brentwood Police Department, Metro Nashville Police

during peak hours

Holt Road Closure Timeline

- **October 2024 through early 2025**
 - Mass grading
- **Early 2025**
 - Underground and overhead utilities
 - Temporary traffic signal installation
- **Spring 2025**
 - Complete underground utilities
