

PUBLIC COMMENT FORM
State Route 374, From State Route 149 at River Road to State Route 76/US 79 (Dover Road)
Montgomery County, Tennessee

The Tennessee Department of Transportation (TDOT) is proposing to improve State Route (SR) 374 in Montgomery County. The project is currently in the environmental phase of project development. The Federal Highway Administration (FHWA) approved the Environmental Assessment (EA) and Draft Section 4(f) *de minimis* finding for the project on January 2, 2019. TDOT would like your input to help move the project forward. Please take a few moments to answer the questions below and submit this form tonight, OR you may return the comment card by mail to the address on the back of this sheet postmarked by Thursday, **April 11, 2019**. Comments may also be submitted electronically via email to TDOT.comments@tn.gov. Please reference SR 374 Project Improvements.

Which best describes your primary interest in the project? (CHECK ALL THAT APPLY)

Concerned Citizen____ Affected Resident____ Affected Landowner____ Smith Branch Recreation Area User____
Affected Business____ Name of Business_____

What do you like and/or dislike about:

No-Build Alternative – No improvements made to existing SR 374 other than routine maintenance.

Build Alternative – TDOT, in cooperation with the FHWA, proposes to construct a partial access-controlled multi-lane transportation facility from SR 149 to SR 76/US 79 (Dover Road), which would extend existing SR 374 for approximately 7.2 miles. Improvements are also proposed for SR 149 from River Road to approximately 1,700 feet west of Cumberland Heights Road, a distance of approximately one mile. The proposed project is located outside of the city limits and west of Clarksville in Montgomery County, Tennessee.

Do you have any comments regarding the Section 4(f) De Minimis Determination for potential impacts to Smith Branch Recreation Area?

What issues and concerns do you have about the project? (Check all that apply)

- _____ Impacts to the Environment (streams, wetlands, soils, threatened and endangered species)
- _____ Impacts to Existing Development (homes, businesses)
- _____ Impacts to Historic and/or Archaeological Resources
- _____ Other_____

What do you see as the transportation needs of the area? (Check all that apply)

- _____ Traffic Operational Efficiency/Safety
- _____ Roadway Deficiencies
- _____ System Linkages
- _____ Other_____

Additional Comments (OR CONTINUED FROM ABOVE)
