

**T**hank you for attending the Design Public Meeting for the S.R. 4 (Lamar Ave.) widening project.

The proposed improvement for the S.R.4 (Lamar Ave.) corridor along Perkins, Winchester and Getwell interchange will improve traffic flow and mobility as well as improve motorist safety. These proposed modifications include the following:

- Developing one additional traffic lane for S.R. 4 (Lamar Ave) in each direction.
- Modification of Perkins/Raines Road interchange.
- Developing a Single Point Urban Interchange (SPUI) at S.R. 4 (Lamar Ave.) and Winchester Road.
- Modification of Getwell Road interchange to accommodate S.R. 4 (Lamar Ave.) improvement.

**T**he need for the project is identified in the S.R. 4 (Lamar Ave.) corridor Modification Study as follows:

- **Improve Safety** – Numerous rear end and angle collisions
- **Improve Operational Deficiencies** – Improve intersection capacities on Perkins/Raines and Winchester.
- **Reduce Congestion** – Large traffic volumes with insufficient number of lanes

### We want your feedback!

Participate in the question and answer period, speak with the court reporter, and/or fill out a Comment Card to insure your comments are part of the official record.

## Project Development Process

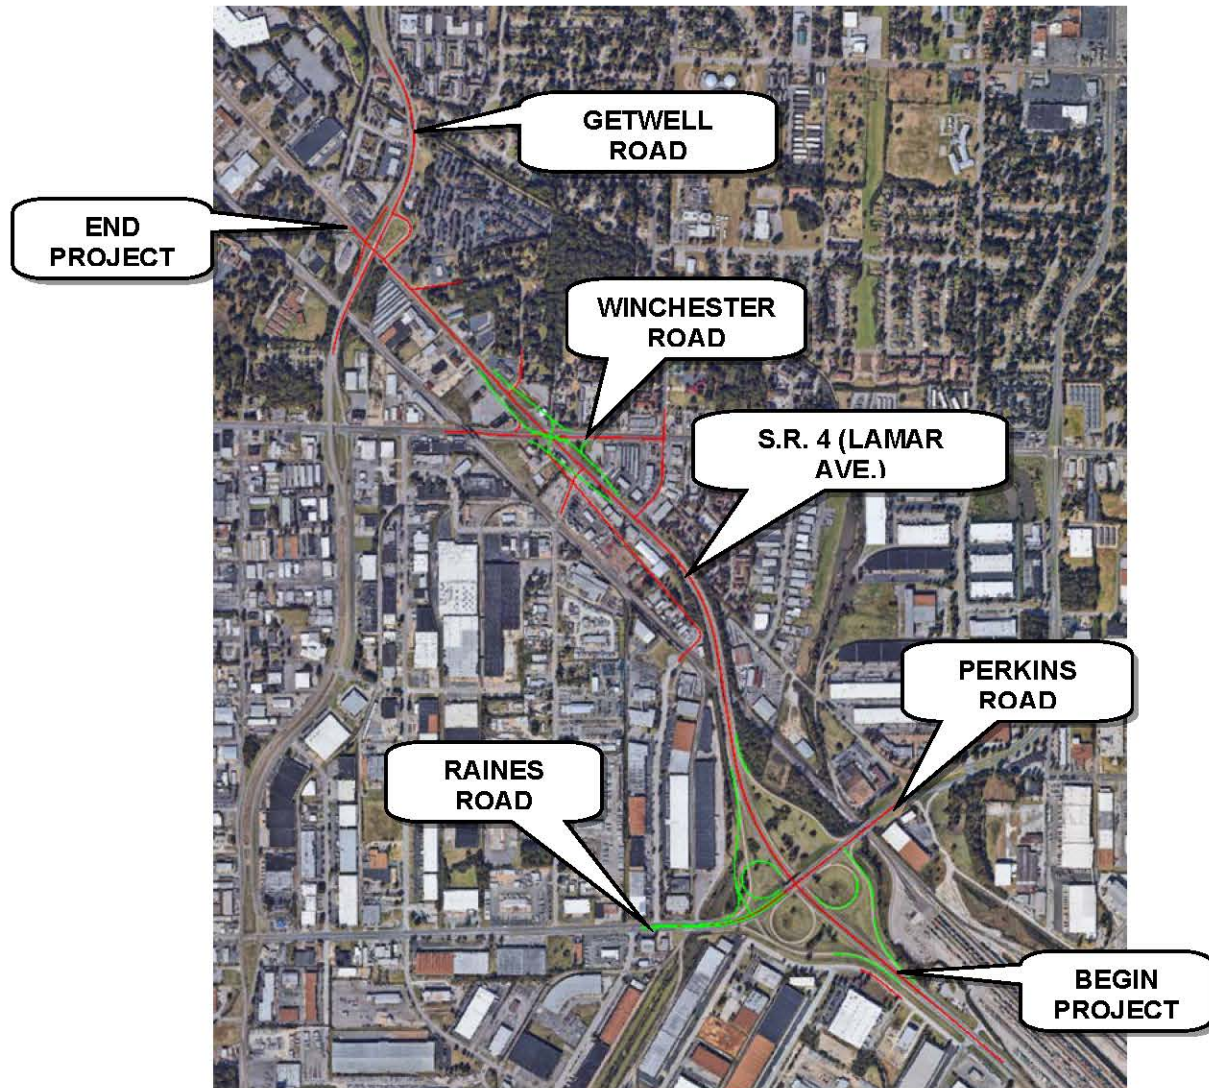

### PURPOSE OF TODAY'S MEETING:

- Discuss proposed improvements to the S.R. 4 (Lamar Ave.) Interchange at Perkins/Raines, Winchester & Getwell
- Receive input from the public
- Answer questions and address concerns

# S.R. 4 (Lamar Ave. )Shelby County, TN
