TDOT Utility Permitting Process

TDOT Region Utility Office receives the permit application packet in the region permit email box (tdot.rx.utilitypermits@tn.gov) including cover letter, applicable forms, cad drawings showing all impacts to TDOT ROW, traffic control letter, etc. from the utility, developer, consultant, or contractor.

If application is submitted by anyone other than a utility permitted to be on TDOT ROW, then the cover letter must be provided by the utility.

or contractor if known to have on the job site at all times for inspection purposes.

(District Operations staff will receive a copy of the permit)

If lane and/or shoulder closures or rolling road blocks are needed, submit lane closure requests to the Regional Utility Office and Traffic Operations Office by Monday the week before work starts.
