INSTRUCTIONAL BULLETIN NO. 03-05

Regarding English General Notes on Plans

Attached is an updated list of general notes frequently used on project plans. See Section 4-135.00 on page 4-5 of the English version of the Roadway Design Guidelines.

Pavement Edge Drop Off Traffic Control Notes are shown in Section 4-712.10 on pages 4-75 through 4-79 of the English version of the roadway Design Guidelines. **The designer is advised that the Pavement Edge Drop Off Notes are to be shown on the traffic control sheets and not the general notes sheet.**

The Environmental Planning and Permits Division has updated all Erosion Control Notes. The notes include erosion and sediment control notes, aquatic resource alteration notes, and general environmental notes. The designer is to contact Environmental Planning and Permits Division, Environmental Technical Studies Section, if questions arise regarding the use of any particular note during the development of plans.

These notes have been changed in the Design Division CADD Unit.

See Instructional Bulletin 03-06 for Metric General Notes on plans.

This bulletin voids Instructional Bulletin 01-20.
