PIN: _____
State Project Number: _____
Federal Project Number: _____
Route, BLM - ELM: _____
Project AADT: _____
Project Description: _____

Significant Project: YES ☐ NO ☐

Required TMP Strategies:
All projects, regardless of significance, require a TMP. All TMPs are required to have TTC strategies, regardless of project significance. Significant projects shall have TO and PI strategies, non-significant projects should have TO and PI strategies considered. Applicable details, drawings and strategy descriptions shall be included on the following pages to expedite TMP reviews.

TMP Review:
All TMPs developed by consultants or in-house staff shall be reviewed to ensure compliance with the current Work Zone Safety and Mobility manual.

Signatures required for each category of TMP strategies selected.
