**TRAFFIC OPERATIONS MEMORANDUM NO. 2301**

**Regarding New Traffic Operations Division Standard Drawings**

**Effective immediately**, the road diet guidance that was previously in the Roadway Design Guidelines has been removed and established as a manual on its own. The guidance has been updated to provide more clarity on what information is necessary to review a requested road diet. The new guidance establishes that local agencies requesting a road diet should work with the Region Traffic Office and Region OCT staff. The manual can be found [here](#).
