Grants Portal Account and Request for Public Assistance

Public Assistance Applicant Quick Guide

This Quick Guide explains the steps an Applicant must take in creating a Public Assistance (PA) Grants Portal user accounts and submitting Requests for Public Assistance (RPA). RPAs submitted by the Applicant will follow standard review processes by the Recipient and FEMA. The Applicant will be able to view their RPA status in Grants Portal.

FEMA uses the term Recipient and Applicant throughout this document. In Grants Portal, Recipients are identified as Grantees and Applicant are identified as Subrecipients.

Non-Government Organizations
To be eligible under the Public Assistance (PA) Program, a Private Non-profit (PNP) Applicant must own or operate a facility that provides an eligible service. As a result, FEMA requires more information and documentation from the PNP Applicant than it does for State, local, Territorial, or Tribal (STTL) government entities. Therefore, as described throughout the document, some options for Account Creation are not available to PNPs.

Private-for-profit entities are not eligible for PA funding and should not submit account requests or RPAs. These entities should consult with local, state, and federal partners for information on other types of assistance that may be available.

Methods for Account Setup and RPA Submission
Grants Portal currently allows for a variety of methods to set up accounts and submit RPAs. As identified, some options are only available to Applicants of COVID-19 Declarations that are not Private Non-Profit (PNP) Applicants or tribes.

Post-RPA Submission
This section describes the steps taken by FEMA and the Recipient after an RPA is submitted:

☐ **Recipient Review**
The Recipient reviews the RPA, including the PNP questionnaire and supporting documentation. If any information is missing the Recipient must obtain it prior to forwarding the RPA to FEMA with its recommendation. Upon review of the information, the Recipient submits the RPA to FEMA with its recommendation on whether the Applicant is eligible.

☐ **FEMA Final Eligibility Determination**
Based on the recommendation of the Recipient, FEMA makes a final determination about the eligibility of the Applicant.
  - If FEMA approves the RPA as eligible, the Applicant receives an email notification of approval and instructions on how to submit a project application.
  - If FEMA determines that the Applicant is ineligible, the Applicant receives a written determination explaining FEMA’s reasoning for the ineligibility determination and information on how the Applicant can appeal the decision. The Applicant has 60 days from receipt of FEMA’s determination to submit a written appeal to the Recipient.
