Limiting PAE Attachments

Please be mindful of the amount of attachments submitted with your PAE. Submitting accurate and concise medical documentation is the most efficient way to ensure your PAE is approved.

Coming Winter 2021: PERLSS Project

Pre-Admission Evaluations and Referrals for Long-Term Services and Supports (PERLSS) is a modern, cloud-hosted solution that will fully replace and expand the functionality of the TennCare Pre-Admission Evaluation System (TPAES).

This new system will streamline and automate managing programs and workload, increase transparency among partner agencies, centralize the pre-admission evaluation process and more! The implementation will happen in three phases. Stay tuned for more information!

Please forward to staff in your company that complete or submit TennCare (Medicaid) PAEs/PASRRs. This contains important information for all TPAES users.
