

WHAT IS A MULTISECTOR PLAN FOR AGING (MPA)?

A **Multisector Plan for Aging (MPA)** is a cross-sector, state-led, long-term, strategic planning resource that can help transform the infrastructure and coordination of services to meet the needs of older adults, people with disabilities, and caregivers.

WHY IS THE MPA IMPORTANT?

As of right now, there is no existing framework that coordinates available resources and funding mechanisms to serve and support older adults and people with disabilities. This strategic plan strives to facilitate collaboration to mobilize and promote age-friendly care and disability services that will benefit all Tennesseans.

MPA GOALS:

1. Health & Healthcare

Tennesseans will experience improved physical health and psychological well-being as they age.

2. Caregiving (Formal & Informal)

Tennessee's adults, their families, and caregivers will be more secure and better prepared to meet the challenges of aging.

3. Community Choice

Tennesseans will be better able to age in place, contribute to, and fully participate in the community of their choice.

4. Employment & Community Engagement

Fostering meaningful opportunities for engaging in the workforce, volunteerism, and the community as desired.

5. Security and Protection

Empowering and protecting older adults from scams, fraud, abuse, neglect, and exploitation through public awareness services, education, and training.

TENNESSEE AT A GLANCE

By 2030, the 65+ population will make up 25% of TN's total population

In 2021, 97% of Tennesseans 65+ were insured by Medicare

13%

Additionally, 13% of Tennesseans 65+ are covered by Medicaid

Currently **38%** of Tennessee adults ages 65+ live with a disability

1 in 4 adults are caregivers in Tennessee
