

Ordering a Home Blood Pressure Cuff

Date Reviewed: October 2025

Any in-network medical provider can order a blood pressure cuff for a pregnant or postpartum TennCare or CoverKids member, it does not need to be the member's obstetrician.

Providers can order a Home Blood Pressure Cuff by ordering a device from the appropriate the durable medical equipment (DME) company for each Managed Care Organization (MCO). Some MCOs have more than one DME company available to contact. It is critical to include a maternity-related diagnosis when submitting an order.

Managed Care Organization	Durable Medical Equipment (DME) Company	Contact Information	Method(s) of Submission
BlueCare Tennessee	Aeroflow	- Phone: 844-867-9890 - Fax: 800-806-2799	- Complete Aeroflow Order Form - Write in "blood pressure cuff" with the appropriate maternity-related diagnosis code - Note: a generic order form may also be used. - Fax completed order form to fax number
