This Interagency Agreement (Interagency Agreement or Agreement), by and between the State of Tennessee, Department of Finance and Administration, Division of TennCare, hereinafter referred to as the “Procuring State Agency” or “TennCare” and the Department of Intellectual and Developmental Disabilities, hereinafter referred to as the “Contractor,” or “DIDD,” or “Contracting State Agency” is for the provision of services through three (3) Centers for Medicare and Medicaid Services (CMS) 1915(c) Home and Community Based Services (HCBS) Waiver programs to eligible Medicaid recipients with Intellectual disabilities, as further defined in the “SCOPE OF SERVICES.”

WHEREAS, the Tennessee Department of Finance and Administration is designated as the single State Medicaid agency for the State of Tennessee, and the Division of TennCare is the State’s medical assistance unit located within the Department of Finance and Administration;

WHEREAS, TennCare has obtained approval from CMS for three (3) 1915(c) Home and Community Based Services Waivers known as the Statewide Waiver (waiver control #0128), the Comprehensive Aggregate Cap Waiver (waiver control #0357), and the Self-Determination Waiver (waiver control #0427), collectively referred to herein as the “Waivers”;

WHEREAS, all Parties agree that this Interagency Agreement does not constitute any delegation by TennCare of Medicaid policy and decision-making authority; and

NOW, THEREFORE, in consideration of mutual promises herein contained, the parties have agreed and do hereby enter into this Interagency Agreement according to the provisions set out herein.

A. SCOPE OF SERVICES:

A.1. The Contracting State Agency shall provide all goods, services or deliverables as required, described, and detailed herein and shall meet all service and delivery timelines as specified by this Interagency Agreement.

A.2. The Contractor shall provide Waiver services specified in the approved Waivers in accordance with the needs of individual service recipients (herein alternately referred to as enrollees or
persons supported) as set forth in the approved Individual Support Plan (ISP), and ensure, pursuant to 42 C.F.R § 441.302, State Assurances, that such services are accessible in a timely manner, provided in accordance with state and federal laws and regulations, TennCare policies and procedures, and the approved Waivers, and administered in the most cost-effective way possible in order to maximize the number of persons with access to Waiver services. DIDD shall implement a system of reviewing and approving ISPs at least annually and as frequently as needed to ensure that the type and amount of Waiver services provided are those without which the individual would require the services of an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID).

A.3. The Contractor shall draft Waiver policies and procedures for review and written approval by TennCare prior to their public posting and implementation. For purposes of this Interagency Agreement, policies and procedures shall include the Provider Manual, all written policies and protocols and training materials pertaining to the Waivers, any additional provider requirements or interpretive guidelines applicable to the Waivers, memoranda pertaining to the Waivers, and all notices, correspondence and other written materials that will be provided to service recipients, providers, advocates or the public regarding the Waivers, including but not limited to, information regarding eligibility, enrollment, services, and appeal rights.

DIDD shall provide to TennCare a monthly report listing all approved and pending policies and procedures, as defined above, for any month in which such policies and procedures are created, amended, or approved. No report is due for a month in which no policies or procedures are created, amended, or approved. Each monthly report submitted shall include the date of submission to TennCare, as well as the date TennCare approval was received, or note alternatively if approval is still pending, as applicable. The report shall be delivered in a format developed by DIDD and approved by TennCare.

DIDD shall advise TennCare in advance of any of the following: submission of any Administration bill that would affect the Waivers; presentations to the Tennessee General Assembly regarding the Waivers, release of any legislative or public reports regarding the Waivers, and any public discussion of any proposed Waiver amendments, proposed modifications to the TennCare or DIDD Rules pertaining to the Waivers, or proposed changes in Waiver service payment rates or methodologies. The Contractor and TennCare shall meet to review the Contractor's proposed operating budget no later than one (1) week prior to the submission of the departmental budget request deadline established by the Tennessee Department of Finance and Administration (F&A). The purpose of the meeting will be to share with TennCare how the Contractor's projected changes in enrollment, services, utilization, payment rates, or administrative staffing or expenses may impact Medicaid expenditures in the Contractor's Waiver programs. This meeting will be hosted and facilitated by the Commissioner of F&A and attendees shall include the Commissioners of F&A and DIDD, and the Director of TennCare. The Commissioner of DIDD and the Director of TennCare may include one (1) additional staff member of their choosing in this meeting. The Commissioner of F&A may include other F&A staff members at the Commissioner's discretion.

A.4. The Contractor shall provide TennCare a minimum of thirty (30) calendar days for review and shall obtain TennCare’s prior approval of any solicitations for services provided or required in the Waivers, and all contracts funded in whole or in part with federal dollars.

A.5. The Contractor shall designate specific staff to serve as liaison to TennCare regarding the following: Waiver policy (as defined herein), operations, appeals, quality management, claims, federal investigations and inquiries, the Money Follows the Person Rebalancing Demonstration Grant (MFP), Program Integrity, privacy officials, Interagency Agreement compliance, and other subject matters as requested by TennCare. DIDD shall submit to TennCare a list in writing of each contact person’s name, title and contact information. The list shall be reviewed and resubmitted by the Contractor to TennCare by January 15 annually. Any time there is a change to
staffing in any of the positions listed above, the list must be updated and resubmitted to TennCare within one (1) week of the change.

A.6 The Contractor shall utilize TPAES to facilitate enrollment of eligible individuals into and transitions between Long-Term Services and Support (LTSS) programs, including ICF/IID, the 1915(c) HCBS Waivers and the State’s MFP Rebalancing Demonstration (MFP), and shall comply with all data collection processes and timelines established by TennCare in policy or protocol in order to gather data required to comply with tracking and reporting requirements. For MFP participants this shall include, but is not limited to, current residence type and address, date of enrollment request, date of projected transition date if applicable, date of actual transition within two (2) business days of the transition taking place, attestations pertaining to Eligible Individual and Qualified Residence (MFP), changes in residence, inpatient facility stays, reasons for re-institutionalization, and reasons for disenrollment. No new enrollments into the Self-Determination or Statewide 1915c HCBS Waivers are permitted. All new enrollments into the CAC Waiver must be completed in accordance with the TennCare Standard Operating Procedure for CAC Waiver Enrollment.

A.7. The Contractor shall maintain and shall make available to TennCare, on a quarterly basis, an up-to-date list of unduplicated participants who are enrolled and: (1) have received no services in the past ninety (90) days; or (2) have received only ISC or state case management services in the past ninety (90) days. The quarterly report shall contain the criteria as specified in Section A.33.f of this Agreement, and shall be based on the state fiscal year quarters and shall be due to TennCare within fifteen (15) business days of the end of each quarter. The report shall also identify individuals in the Self-Determination Waiver who choose to self-direct their services.

A.8. The Contractor shall ensure, prior to enrollment in the CAC Waiver, that individuals are given the freedom of choice to choose between institutional care in an ICF/IID and the Waiver and that a TennCare-approved Freedom of Choice Form is appropriately completed by the enrollee.

A.9. The Contractor shall ensure that there is an initial certification by a physician of the Waiver enrollee’s need for care in the Waiver, in accordance with TennCare policies.

A.10. The Contractor shall ensure that each Waiver enrollee receives physician services as needed and in accordance with TennCare periodicity and other guidelines.

A.11. The Contractor shall ensure that each Waiver enrollee has an individualized written ISP, as defined by TennCare and pursuant to the Home and Community-Based Settings and Person-Centered Planning Rules specified in 42 C.F.R. § 441.301(c), which is developed within sixty (60) calendar days of admission into the Waiver and shall monitor the ISP in accordance with TennCare policies and procedures. The ISP shall be updated on as needed basis in the event of significant changes in the enrollee’s needs.

The Contractor shall further ensure that that each provider signs the ISP indicating they understand and agree to provide the services as described prior to the scheduled implementation of services and prior to any change in such services. The Contractor shall have mechanisms in place to ensure that such signatures and confirmation of each provider’s agreement to provide services occur in a timely manner, such that a delay in the initiation of services does not result. Electronic signatures will be accepted for providers who are not present during the care planning process or as needed to facilitate timely implementation, including updates to the ISP based on the service recipient’s needs.

A.12. The Contractor shall perform an annual reevaluation of the Waiver enrollee’s need for continued stay in the Waiver, in accordance with TennCare policies and procedures and to ensure that all service recipients continue to meet ICF/IID level of care criteria. The Contractor may also be required to perform additional re-evaluations of the enrollee’s need for continued stay in the Waiver based on changes in the enrollee’s medical condition.
As part of its annual reevaluation of each person supported, the Contractor shall be responsible for conducting an Individual Experience Assessment (IEA) and completing an Employment Data Sheet (EDS). The Contractor shall have an obligation to assist in and monitor the remediation of any issue related to the Waiver programs identified on the IEA in order to assure compliance with the federal HCBS Settings Rule.

A.13 The Contractor shall maintain comprehensive individual records and documentation of services to Waiver enrollees, in accordance with state and federal laws and regulations, TennCare rules, policies and procedures, court orders.

A.14 Waiver Disenrollments. The Contractor shall develop and implement operating guidelines and procedures for DIDO staff which comport with the requirements of this section. The Contractor shall be responsible for maintaining operating guidelines indicating the criteria and associated timelines for processing involuntary and voluntary disenrollments, to be preapproved by, and made available to, TennCare upon request.

a. Involuntary Disenrollments. The Contractor’s operating guidelines and procedures for involuntary disenrollments shall be consistent with TennCare’s operational protocol addressing involuntary disenrollments. All involuntary disenrollments are subject to advance approval by TennCare. Prior to submission to TennCare, the Contractor shall ensure all documentation required under the TennCare protocol, is complete and accurate. No person may be involuntarily disenrolled from a Waiver without approval from TennCare.

b. Voluntary Disenrollments. The Contractor’s operating guidelines and procedures for voluntary disenrollments shall be consistent with TennCare’s operational protocol addressing voluntary disenrollments. Upon becoming aware of any voluntary disenrollment (e.g. receiving a request for a voluntary disenrollment or identifying the need for a voluntary disenrollment), DIDO shall process the disenrollment, according to the TennCare protocol, and notify TennCare within no more than five (5) business days of becoming aware of such disenrollment, using the notification process established in the TennCare protocol.

Upon becoming aware of a request or potential need for voluntary disenrollment that may involve the Waiver participant seeking admission to an ICF/IID, the Contractor shall notify TennCare’s LTSS designee as soon as practicable, but within three (3) business days of becoming aware. The Contractor will further require ISC agencies to notify the Contractor immediately upon becoming aware of a request or potential need for voluntary disenrollment that may involve the Waiver participant seeking admission to an ICF/IID. The Contractor shall ensure that Waiver participants considering or seeking admission to an ICF/IID are timely engaged to ensure their choice of settings is made through an informed choice process that identifies alternatives through which the individual could continue to be supported through HCBS programs to avoid unnecessary institutionalization and reside in the most integrated setting where the person’s needs can be effectively met.

Further, the Contractor shall develop and implement procedures, prior approved by TennCare, to ensure waiver participants are provided informed choice around HCBS as the first and preferred option, including exploration and discussion of options for continuing HCBS where possible.

c. The Contractor shall be responsible for maintaining a comprehensive listing of all voluntary and involuntary disenrollments from any 1915(c) Waiver, submitted to
A.16. The Contractor shall provide TennCare with monthly notification of service recipients who are in an institutional stay, including how many days the institutional stay has lasted for each service recipient as of the last day of the month, and information that distinguishes service recipients still enrolled in a Waiver, service recipients disenrolled but expected to return to a Waiver and service recipients disenrolled and not expected to return to a Waiver. For the purpose of this Interagency Agreement, an institutional stay shall mean any instance in which a service-recipient has a planned or unplanned admission in a hospital, psychiatric hospital, nursing facility, or intermediate care facility for ICF/IID. The Contractor shall update the status of each service recipient on a monthly basis. The report shall be due to TennCare by the 10th of the following month. In the event the institutional stay occurs while the individual is not in the care of the provider, the Contractor shall provide notification in the report that occurs during the month the Contractor receives notice of the institutionalization (e.g., in the March report submitted in April for an individual institutionalized in February for which the Contractor receives notice in March).

A.17. The Contractor shall ensure that, on the sixtieth (60th) consecutive day of such institutional stay, the individual is provided thirty (30) days advance notice of disenrollment from the Waiver program including applicable appeal rights. Unless the individual is discharged from institutional care within the thirty (30) day advance notice period or a timely filed appeal regarding such disenrollment is received, disenrollment from the Waiver proceeds immediately on the ninetieth (90th) consecutive day of institutional stay or upon resolution of a timely filed appeal regarding such disenrollment, if applicable. If such institutional stay will not exceed ninety (90) consecutive days, the Contractor shall assist with development of appropriate plans to facilitate transition within the ninety (90) day timeframe.

The Contractor shall actively collaborate with the person supported’s assigned MCO when an individual requires temporary Medicaid-reimbursed NF placement. The Contractor shall work with the MCO to submit a Preadmission Screening and Resident Review (PASRR), which shall be submitted by the entity who has the most knowledge of the person’s needs related to their Intellectual disability and any known or suspected mental health condition, and a NF Pre-Admission Evaluation (PAE).

The Contractor shall ensure that all Waiver enrollees participating in an institutional stay are assessed to determine the circumstances resulting in the institutional stay and whether the individual has experienced a deterioration in health or functional status. This assessment may be performed by Independent Support Coordinators (ISCs) or State case managers or other appropriately qualified individuals, as determined by DIDD. For individuals who have experienced a deterioration in health or functional status, the Contractor (or contracted ISCs or State case managers) shall amend the ISP, as necessary, to adequately address the individual’s needs upon discharge or shall, as appropriate, contact DIDD Regional Office to evaluate any concerns regarding whether the services and supports outlined in the ISP are sufficient to safely meet the needs of the person such that continued participation in the applicable Medicaid Waiver is appropriate. Such evaluation by the Contractor shall occur before disenrollment is considered. For both admissions and discharge planning, it is expected that the Contractor (or contracted

ISCs or State case managers) notify and coordinate with the individual’s MCO. Discharge planning between the Contractor and the person supported’s MCO shall include, at a minimum, training and instruction for paid caregivers and/or natural supports regarding post-discharge instructions and care, ensuring the person supported and paid caregivers and/or natural supports have scheduled appropriate post-discharge appointments and understand discharge instructions, reconciliation of medications, ensuring persons supported have prescribed medications, equipment, and services, and collaborate on remediating adverse events such as medication errors that can occur post-discharge.

A.18. The Contractor shall implement and comply with a TennCare-approved grievance and appeals process and, as required by TennCare, provide expert testimony by appropriate professionals during contested case hearings.

A.19. The Contractor shall comply with all notice and appeal requirements, processes and timelines specified in federal regulation as modified or enhanced pursuant to applicable federal court orders, and with all TennCare Rules, policies and procedures pertaining to such requirements, processes and timelines. The Contractor shall forward an expedited appeal to TennCare in twenty-four (24) hours or a standard appeal in five (5) business days.

A.20. The Contractor shall cooperate fully with TennCare in all matters of litigation affecting the Waiver programs, and in all federal, state or TennCare investigations and/or inquiries. DIDD shall be required to timely furnish, within five (5) business days unless litigation timeframes require the information sooner, all evidence, assistance, and to provide general and expert testimony as requested by TennCare in connection with these matters. DIDD shall immediately notify and forward to TennCare information pertaining to litigation, federal or state investigations and/or inquiries affecting Waiver programs and shall not enter into any Settlement Agreements which have the potential to impact existing Medicaid programs (including the Medicaid State Plan, TennCare 1115 Demonstration Waiver, or Section 1915(c) Waivers), or that could require the development of new Waiver programs without the knowledge and approval of TennCare.

A.21. The Contractor shall verify, prior to enrollment and on an ongoing basis, that vendors/providers meet applicable provider qualification standards, including certification, licensure, and other requirements, as applicable, in accordance with state and federal regulations, applicable court orders, TennCare rules, policies and procedures, and Waiver requirements. The requirements for the screening of Billing Providers and the enrolling of Ordering and Referring Providers shall be met as contained in A.40. Any qualified provider who undertakes to provide HCBS and meets specified reimbursement, quality, and utilization standards shall not be restricted from participating in these Waiver programs.

A.22. The Contractor shall ensure, as part of the provider application process, that all information provided by the provider in its application is validated, current and accurate in order to receive payment directly from TennCare. The Contractor shall also ensure that provider applications are reviewed timely and that applicants are issued written notice of approval or rejection of the application within sixty (60) days of receipt of the application and all required attachments.

A.24. The Contractor shall perform quality assurance/improvement assessments of Waiver services and providers and report such findings to TennCare, in accordance with TennCare policies and procedures.

A.25. The Contractor shall generate claims for authorized services provided to each Waiver participant. The Contractor shall submit provider claims to TennCare at a minimum of twice per month.

Reimbursement shall be made by TennCare directly to providers based on claims processed through the Medicaid Management Information System (MMIS). TennCare direct payment for Waiver services will be the lesser of the billed charge or maximum reimbursement rate established in the TennCare Maximum Reimbursement Rate Schedule.

The Contractor shall ensure that provider claims are reconciled against approved ISPs prior to submission of such claims to TennCare, and that claims in excess of service benefit limits as defined in the maximum rate sheet established by TennCare are not submitted to TennCare.

The Contractor shall ensure that annual Waiver expenditures do not exceed the annual appropriation by the General Assembly for Waiver program expenditures.

The Contractor shall ensure that for each individual enrolled in the Statewide Waiver that individual expenditures do not exceed the established individual cost neutrality cap, except as otherwise allowable as specified in the federally-approved Waiver application (i.e., if the sole reason the cost cap would be exceeded is a change in the reimbursement methodology that is required under the terms of the Statewide Transition Plan in order to achieve compliance with the federal HCBS Settings Rule).

The Contractor shall establish policies and processes to ensure each Statewide Waiver enrollee's ISP does not authorize services in excess of the individual cost neutrality cap, except as otherwise allowable as specified in federally-approved Waiver application (see above), and shall track and monitor all ISP Waiver service authorization submissions for appropriateness and accuracy.

A.26. The Contractor shall collect patient liability as determined by TennCare and in accordance with TennCare policy, ensure that no Medicaid funds are expended for room and board in home and community based residential settings, and safeguard the personal funds of service recipients consistent with federal HCBS Settings Rule requirements. When termination of a provider contract results from an issue of enrollee safety, which shall include any instance in which DIDD and TennCare have determined, based on quality concerns, that a provider should not be allowed to continue to provide services to Waiver participants, the Contractor shall notify TennCare immediately.

A.28. The Contractor shall perform expenditure and revenue reporting in accordance with state and federal requirements.

A.29. The Contractor shall comply with state and federal rules, laws and regulations, all applicable federal and state court orders including, but not limited to, those set forth in CMS HCBS Settings

If a meeting is rescheduled, the Contractor shall notify TennCare as soon as possible. Agendas for the public meetings related to TennCare and/or Medicaid-funded services or Waivers shall be sent to TennCare two (2) business days prior to the meeting. All other agendas are to be made available upon request.

DIDD shall be responsible for ensuring that all individual findings are remediated within no more than thirty (30) days of discovery, and that documentation of such timely remediation is both accurate and complete. DIDD shall be responsible for identifying providers with systemic performance issues and providing technical assistance/provider support and/or sanctions as necessary to address the issues and ensure quality improvement. For each deficient performance measure deemed to be "systemic" (which should take into consideration performance across the program year and factors which may have affected performance for the current reporting period), DIDD shall provide an overview of activities undertaken to improve system performance, the efficacy of those efforts, and additional recommendations for systemic improvements that are needed. The report shall be submitted to TennCare by close of business on the first Friday following the third business day of each month with a one (1) month lag after the reporting period, e.g., the January report is due by the first Friday of March or with a frequency mutually determined by TennCare and the Contractor.

d. This review may include, but is not limited to, desk and on-site review of documents provided by the Contractor, a walk-through of the Contractor’s operations, system demonstrations (including systems connectivity testing), and interviews with Contractor’s staff. The scope of the review may include any and all requirements of this Interagency Agreement as determined by TennCare. Based on the results of the review activities, TennCare will issue a letter of findings and, if needed, will request a corrective action plan from the Contractor.

### ASSESSMENT OF MONETARY SANCTIONS

It is acknowledged by TennCare and the Contractor that in the event of failure to meet the requirements provided in this Contract and all documents incorporated herein, TennCare will be harmed. The actual damages which TennCare will sustain in the event of and by reason of such failure are uncertain and are extremely difficult and impractical to ascertain and determine. The parties therefore acknowledge that the Contractor shall be subject to damages and/or sanctions as described below. It is further agreed that the Contractor shall pay TennCare liquidated damages as directed by TennCare and not to exceed the fixed amount as stated below; provided however, that if it is finally determined that the Contractor would have been able to meet the Contract requirements listed below but for TennCare's failure to perform as provided in this Contract, the Contractor shall not be liable for damages resulting directly therefrom.
