

## TennCare PCMH Program Update: 9.28.2021

**2021 PCMH/THL Survey: Deadline Extended!** TennCare continually strives to improve our programs, and your feedback on this annual survey will assist us in this process. The 2021 Provider Mid-Year PCMH/THL Survey is currently available [here](#) and the deadline has been extended until **10.8.21** to allow time for additional responses. Last year, we received valuable input from you and would appreciate your thoughts on how things are going this year. Both TennCare and the Managed Care Organizations (MCOs) teams have been focusing on addressing several areas of opportunity for improvement. Please submit your responses today!

**Joint PCMH & THL Webinar Tomorrow (September 29<sup>th</sup>) from 11 AM – 12 PM CT:** Medication management and adherence are critical components of wellness. Members enrolled in PCMH and/or THL are impacted when either are not in alignment. The HEDIS<sup>®</sup> metric, Antidepressant Medication Management (AMM), intersects both programs and is influential with other quality metrics. Join us tomorrow – September 29<sup>th</sup> – for a combined webinar titled, *Antidepressant Medication Management (AMM) HEDIS: Why Is It Important?*, exploring this measure. The presentation will focus on how providers can be successful with this integral HEDIS metric. The subject matter experts will also delve into the impact COVID-19 and provide tangible strategies for improvement. Mark your calendars and grab a notebook! Webinar information is listed below, and the webinar slides and recording will be posted to the website following the presentation. For additional information, please feel to contact TennCare or an MCO representative.

### **PCMH & THL Webinar: Antidepressant Medication Management (AMM) HEDIS: Why Is It Important?**

Wednesday, September 29, 2021

11 AM CT | 12 PM ET

**October Delivery Systems Transformation Conference – Save-the-Date:** Fall season in Tennessee is a wonderful time of year! The color on the leaves change, we can pull out those boots we bought on sale, and of course...Pumpkin Spice lattes!!! This time of year is also associated with harvest. Seasoned and newly minted farmers begin gathering crop preparing for what's to come. The act of harvesting can translate into other areas of life and we want to help you explore those! Join us on **October 20<sup>th</sup> & 21<sup>st</sup>** for the final Delivery Systems Transformation (DST) conference of the year as we delve into #CulturalHarvest. Our Minority Health Series continues with Asian American and Pacific Islander Health Disparities. Other topics include: *Men's Health, Emergency Medicine Groups as Quarterbacks, and Identifying and Addressing Implicit Bias in Patient Care*. We've got an assortment of subject matter experts ready to help you reap the benefits of this season. **Please review the attached Save-the-Date flyer and mark the calendar.** Registration will be open soon! Grab your candy corn, pumpkin flavored coffee (or not), and your favorite scarf! Spread the word to your co-workers and ask, "What's in your harvest?"
