DUE DATES TO THE TENNESSEE HIGHER EDUCATION COMMISSION

Required File	Due Date
Summer 2025 Enrollment/Completions	October 15, 2025
Fall 2025 Enrollment/Completions	February 1, 2026
Spring 2026 Enrollment/Completions	July 1, 2026

DEFINITIONS

Term	Description
Continuing Education Units (CEU)	Within the enrollment system, refer exclusively to students participating in individual continuing education unit (CEU) activities. One (1) CEU is defined as 10 contact hours of participation in an organized continuing education experience.
Contract Course	Any degree credit (type \emptyset , 1, 2, or 5) course in which 50% or more of the instructional cost of offering the course is borne by a source other than the State of Tennessee, i.e. industry, federal government, etc.; instructional costs can consist of direct teaching personnel, other academic personnel, clerical and supporting personnel, instructional equipment, supplies, and rental space.
Credit for Calculation of Enrollment	Credit which the institution designates as regular credit type (\emptyset), occupational or certificate credit (type 1), extension credit (type 2), co-op credit (type 5), contract credit (type B), developmental credit (type D), or remedial credit (type R)
Credit Headcount Enrollment	The sum of the full-time students and part-time credit students

Term	Description
Full-Time Equated Enrollment (FTE)	If the institution is a university, FTE is the sum of the full-time equated undergraduate and the full-time equated graduate/professional enrollments. If the institution is a two-year school, FTE is the total number of degree credits taken by all students divided by 15.
Full-Time Equated Undergraduate Enrollment	The total number of degree credits taken by undergraduate students divided by 15
Full-Time Equated Graduate/Professional Enrollment	The total number of degree credits taken by graduate/professional students divided by 12
Full-Time Student	A student who is enrolled for credit for 12 or more hours of degree credit
Full-Time Student Enrollment	The number of full-time students enrolled
Graduate I Enrollment	The number of Graduate I students enrolled
Graduate I Student	A student who is classified as a graduate special student, master's candidate, or Specialist in Education degree candidate
Graduate II Enrollment	The number of Graduate II students enrolled
Graduate II Student	A student who is classified as a doctoral student
Lower Division Enrollment	The number of lower division students enrolled
Lower Division Student	A student who is classified as a freshman, sophomore, or undergraduate special student
Part-Time Student	A student who is enrolled for less than (<) 12 hours of degree credit
Short Course	A course of 30 calendar days duration or less; this definition does not apply to the summer term.

Term	Description
Term	A term extends from the first official day of activity up to the first official day of activity of the following term. The school year will consist of three (3) regular terms (fall, spring, and summer).
Upper Division Enrollment	The number of upper division students enrolled
Upper Division Student	A student who is classified as a junior, senior, or fifth-year undergraduate

Pre-College Students

Pre-college students are those persons who complete some college courses before graduating from high school. Clarifications for the coding of these students are listed below.

Students who took courses from Institution A during high school and then entered Institution B following high school graduation should be coded with a previous registration of "1", a registration type of "1" and a student level of "01". The cumulative hours field will show the work taken during high school if the current institution accepted it as valid transfer work. A transfer institution will not be coded on the Tennessee Higher Education Commission enrollment record. The institution's internal records may show (and probably should show) the institution from which the work was transferred.

Students who took courses from Institution A during high school and then entered Institution A following high school graduation should be coded with a previous registration of "1", a registration type of "1" and a level of "01". The cumulative hours field will show the work taken during high school if the current institution accepted it as valid transfer work. A transfer institution will not be coded on the Tennessee Higher Education Commission enrollment record. The institution's internal records may show (and probably should show) the institution from which the work was transferred.

Students who took enough college courses while in high school to be classified as a student level higher than freshmen when they graduated from high school and registered at Institution A or B, should be coded with the same three codes described above. The student level should be "forced" in as "01" for the first semester, but then can be coded as "02" for their second semester at the institution. The cumulative hours field will show the work taken during high school if the current institution accepted it as valid transfer work. A transfer institution will not be coded on the Tennessee Higher Education Commission enrollment record. The institution's internal records may show (and probably should show) the institution from which the work was transferred.

Students who took college work while in high school and then registered at Institution A (perhaps in the summer) following high school graduation, but then moved to Institution B some subsequent semester, must be coded as a transfer student because they already would have been coded as a first-time freshman by Institution A.

Duplicate Records

The file submission should only contain one enrollment record per term, per year, per institution, per student. If a duplicate record is found an error will be generated.

Date of Birth for CEU

Please remember that “NR” should not be used on year of birth for students taking CEUs at one location and regular credit at another location.

Student Level

A student can have only one level. Student levels other than “40” should be used for records of students who are taking credit type “6” at one location and regular type credit at another location.

Optional Reporting of Continuing Education Units

If continuing education units are reported in the enrollment reporting system, the following guidelines apply. If a student is enrolled both in continuing education activities and also in other types of credit, the guidelines contained in the data element dictionary apply for reporting that record. If a student is enrolled only in continuing education, the data elements listed below should be reported in the column locations found in the record format table. For CEUs, date of birth, previous registration, transfer institution, and cumulative credits earned will not be edited.

CEU Data Elements: Institution Code, Location Code, Student ID, Gender, Date of Birth, Race, Permanent Address, Resident Status, Citizenship, Registration Type (use code 6), Term, Year, Student Level (use code 40), Credit Type 1 (use code 6), Credit Hours 1(# CEUs), Major Field (use “N”)

File Naming Convention

Each file submitted should follow the naming convention detailed below. For enrollment files, the file name should contain the system name abbreviation, term and year of the data being submitted, and the file type code.

The file will not be processed if the file's name is not formatted correctly.

Data Elements

System

Data Element Number: 1

Description:

This element consists of a one-digit code used to identify the system of the reporting institution on each record it submits.

Codes:

System	Code
Tennessee Colleges of Applied Technology	4

Edit:

An error will occur if the following is *not* true:

1. This field is blank.
2. The system code is *not* one of the codes listed above.

Cross-Checks:

3. *The system code and institution code do not match.*
>> E.g., A TCAT institution has a system code of '3' (University of Tennessee) instead of a '4'.

Institution

Data Element Number: 2

Description:

This element consists of a two-digit code used by the institution to identify itself as the reporting institution on each record it submits.

Codes:

Institution	Code
Tennessee College of Applied Technology Athens	03
Tennessee College of Applied Technology Upper Cumberland	05
Tennessee College of Applied Technology Dickson	06

2. The institution code is *not* one of the above codes.

Cross-Checks:

3. *The system code and institution code do not match.*
 >> *E.g., A TCAT college has a system code of '3' (University of Tennessee) instead of a '4'.*

Location

Data Element Numbers: 3

Description:

This element is used by the institution to identify the location where student contact hours were generated. If the student enrolled at the main campus, leave this element blank. If the student enrolled at an established off-campus location, use the appropriate two-character code assignment from the [Off-Campus Location Inventory](#).

Codes:

Location code assignments will be made using the following guidelines:

1. Institutions should request off-campus location codes prior to the offering of the course from their respective governing board staff.
2. Appropriate governing board staff will then contact Higher Education Commission staff to receive location code assignments.

Edit:

An error will occur if one of the following is true:

1. The location code is *not*: an approved code for the reported system and institution within THEC's Off-Campus Location Inventory,

Student ID Number

Data Element Number: 4

Description:

The student's social security number is used for the student identification number. If a student does not have a social security number, assign a unique nine-character identifier.

Edit:

An error will occur if one or more of the following is true:

1. The student ID is blank.
2. The length of the student ID is *not* equal to nine (9) alphanumeric characters.

Gender

Data Element Number: 5

Description:

This data element indicates whether the student is a male, female, or unknown.

Codes:

Description	Code
Male	M
Female	F
Unknown	U

Edit:

An error will occur if the following is true:

1. The gender is blank.
2. The gender code is *not* one of the above codes.

Old Race (Inactivated)

Data Element Number: 6

Description:

This element indicates a student's racial origin and is designed to provide information in the form the U.S. federal government requires.

Codes:

Race	Description	Code
Asian or Pacific Islander	A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands; this includes, for example: China, Japan, Korea, the Philippine Islands, Samoa, India, and Vietnam.	1

Edit:

An error will occur if the following is *not* true:

1. The previous education field is blank or NULL
2. The previous education value is not one of the above codes

Term of Registration

Data Element Number: 11

Description:

This element indicates the term for which the report is being generated.

Codes:

Term of Registration	Code
Summer	4
Fall	1
Spring	3

Edit:

An error will occur if the following is true:

1. The term of registration is blank.
2. The term of registration is *not* the term for which the report was created.

Cumulative Contact Hours Earned in Reported Program

Data Element Number: 12

Description:

This element reports the total number of hours earned for the CIP code at or accepted by the reporting institution. The hours should be integer values with no leading or trailing zeros added.

Examples:

Please do not leave any columns in the field blank. Be sure to use leading zeros (0) where necessary.

Earned Contact Hours	Code
110	110
17	17
1,025	1025
∅	0

Edit:

An error will occur if the following is true:

1. The cumulative contact hours earned field is blank or NULL
2. The cumulative contact hours earned is not a numerical value
3. The cumulative contact hours earned is not formatted correctly

Contact Hours Earned During Term

Data Element Number: 13

Description:

This is the total number of contact hours earned by the student for the reported term. The hours should be integer values with no leading or trailing zeros added.

Examples:

Please do not leave any columns in the field blank. Be sure to use leading zeros (0) where necessary.

Earned Contact Hours	Code

125	125
1,750	1750
∅	0

Edit:

An error will occur if the following is true:

1. The term contact hours earned is blank or NULL
2. The term contact hours earned is not formatted correctly
3. The term contact hours earned is not a numerical value

Tech Prep (Inactivated)

Data Element Number: 14

Description

This field is inactivated and should be left blank.

Completer/Non-completer Status

Data Element Number: 15

Description:

This element indicates the student's completion status for the reported term.

Codes:

Description	Code
Drop-Out	1
Continuing Student	2
Completer	3
Basic Skills Completer	4
Early Withdrawal	5

Edit:

An error will occur if the following is *not* true:

1. The completer/non-completer status is blank or NULL
2. The completer/non-completer status is not one of the codes listed above

Type of Award

Data Element Number: 16

Description:

This element indicates the type of award the student earned. If a student has completed a program use codes 1, 2, or 3. Use code 0 if a student has not completed a program.

Codes:

Description	Code
Non-completer	0
Certificate	1
Diploma	2
Supplemental Certificate	3
Sufficient Credential	4

Edit:

An error will occur if the following is *not* true:

1. The type of award is blank or NULL
2. The type of award is not one of the codes listed above

Major Field Code

Data Element Number: 17

Description:

This element contains the academic major of the student. The major is reported using the appropriate code from the Academic Program Inventory of the Tennessee Higher Education Commission. The Academic Program Inventory major code is based upon the Classification of Instruction Programs, developed and published by the National Center for Educational Statistics. The API can be found [here](#).

Edit:

An error will occur if the following is true:

1. The major field code is blank or NULL.
2. The major field code is an invalid CIP code.

Remedial Contact Hours Earned

Data Element Number: 18

Description:

This is the total number of remedial contact hours earned by the student for the reported term. These hours are also included in the total term contact hours. Please note that the decimal is understood and should not be coded.

Examples:

Please do not leave any columns in the field blank. Be sure to use leading zeros (0) where necessary.

Remedial Contact Hours Earned	Code
6.5	00650
10.00	01000
17.00	01700
∅	00000

Edit:

An error will occur if the following is true:

1. The remedial contact hours earned is blank or NULL
2. The remedial contact hours earned is not formatted correctly
3. The remedial contact hours earned is not a numerical value

Year of Birth

Data Element Number: 19

Description:

This data element holds the student's year of birth.

Examples:

Year of Birth	Code
1997	1997
2002	2002

Edit:

An error will occur if the following is true:

1. The year of birth is blank.
2. The year of birth is outside an acceptable range.

Year of Registration

Data Element Number: 20

Description:

This element indicates the four-digit year for which the report is being generated.

Examples:

2025
2026

Codes:

An error will occur if the following is true:

1. The year of registration is blank.
2. The year of registration is *not* the year for which the report was created.

Resident Status

Data Element Number: 21

Description:

This element contains the legal residence status of the student.

Codes:

Description	Code
In-State	1
Out-of-State	2

Edit:

An error will occur if the following is true:

1. The resident status is blank.
2. The resident status is *not* one of the above codes.

Lottery Resident Status

Data Element Number: 22

Description:

This element contains the resident status of the student with respect to the Tennessee Lottery. TSAC's website defines lottery residency as:

"Be a Tennessee resident, as defined by Chapter 0240-2-2, Classifying Students In-State and Out-of-State, of regulations promulgated by the Board of Regents, for one year as of May 1 immediately preceding enrollment in an eligible postsecondary institution."

This element should be left blank for non-lottery students.

Codes:

Description	Code
In-State	1
Out-of-State	2

Edit:

An error will occur if the following is true:

1. The lottery resident status code is not one of the above codes.
2. The lottery resident status is blank, and the student has a lottery scholarship.

ZIP Code of Permanent Residence

Data Element Number: 23

Description:

This is the student's permanent zip code at the time of current semester registration. It is the home address when he or she is not a student. An unemancipated person whose parent is out of the country on temporary assignment, such as military, would use the appropriate state code from [Appendix A](#) in lieu of a zip code. A full list of zip codes is available for download [here](#).
