amount of income tax is also a very important part of government. In fact, when you think of companies that pay income tax, you think of individuals who do not. But corporations are carrying a very heavy federal tax burden. As we have seen, corporations pay a tax rate of 35 percent on the first \$25,000, 22 percent on the next \$25,000, and 48 percent on everything else. In the case of giant corporations like GE, this adds up to an effective rate of 50 percent—almost half of the total income of multimillion-dollar corporations are paid in taxes!

Other important revenue taxes are the estate and inheritance tax, and the

ACKNOWLEDGMENTS

The Tennessee Higher Education Commission gratefully acknowledges the institutions and agencies that provided the data necessary for compiling the *Higher Education Fact Book*. This and other THEC publications would be impossible without the timely submission of quality information by the following data providers:

- the Tennessee Board of Regents and its institutions;
- the University of Tennessee and its institutions;
- the Tennessee Independent Colleges and Universities Association;
- the THEC Division of Postsecondary School Authorization; and
- the Tennessee Student Assistance Corporation.

PRIVACY NOTICE

Throughout this report, THEC seeks to comply with Family Educational Rights and Privacy Act (FERPA) requirements to protect students' personally identifiable information. Therefore, when tables are presented, individual cells containing five observations or fewer are suppressed. The suppressed information, however, is included in table totals.

History

The Tennessee Higher Education Commission was created in 1967 by the Tennessee General Assembly to achieve coordination and foster unity with regard to higher education. The Commission coordinates two systems of public higher education: the University of Tennessee institutions governed by the University of Tennessee Board of Trustees, and the state universities, community colleges, and colleges of applied technology governed by the Tennessee Board of Regents. There are currently nine public universities, 13 community colleges, and 27 colleges of applied technology in Tennessee that serve over 220,000 students collectively. Tennessee's independent institutions (non-profit and for-profit) bring statewide enrollment for Fall 2013 to more than 390,000 students.

The Commission is composed of nine lay members appointed by the Governor for six year terms representing congressional districts of the State, three Constitutional Officers who are ex-officio voting members (Comptroller of the Treasury, State Treasurer, and Secretary of State), two ex-officio student members who serve two year terms, and the Executive Director of the State Board of Education as an ex-officio non-voting member.

Current Context

In January 2010, the General Assembly passed the Complete College Tennessee Act (CCTA), a comprehensive reform agenda that seeks to transform public higher education through changes in academic, fiscal and administrative policies at the state and institutional level. At the center of these reforms is the need for more Tennesseans to be better educated and trained, while also acknowledging the state's diminished fiscal capacity to support higher education.

The overarching goal of the 2010-15 *Public Agenda* for Tennessee Higher Education is to have Tennessee meet the projected national average in educational attainment by 2025. The primary state policy levers for addressing the state's educational needs include promoting: (1) productivity and efficiency through an outcomes-based funding formula; (2) quality assurance through revised performance funding standards; (3) economic and workforce development through responses to a study of labor market supply and demand; (4) efficiency and effectiveness through purposeful reporting; (5) efficiencies through mission and sector differentiation; (6) efficiencies through inter-institutional collaboration and reduced duplication; and (7) efficiencies through incentives for extramural support.

Tennessee Higher Education Commission

2013-2014 Commission Members

Mr. Charles W. Bone, Hendersonville, 6th Congressional District

Mr. Randy Boyd, Knoxville, 2nd Congressional District

Mr. Evan Cope, Vice Chair, Murfreesboro, 4th Congressional District

Mr. Robert Fisher, University of Tennessee at Chattanooga

Mr. Tre Hargett, Secretary of State

Ms. Sharon Hayes, Brownsville, 8th Congressional District

Mr. Adam Jarvis, East Tennessee State University

Mr. Cato Johnson, Vice Chair, Bartlett, 7th Congressional District

Mr. Jon Kinsey, Chattanooga, 3rd Congressional District

Ms. Pam Koban, 5th Congressional District

Mr. David Lillard, Jr., State Treasurer

Dr. Gary Nixon, Executive Director, State Board of Education

Mayor A C Wharton, Jr., Secretary, Memphis, 9th Congressional District

Mr. Justin Wilson, State Comptroller

Mr. Keith Wilson, 1st Congressional District

Section 1:

STUDENT PARTICIPATION

Figure 1.1

Headcount by Sector Fall 2013

**Total Tennessee
Fall 2013
Enrollment:
394,720**

Source: THEC Student Information System (THEC SIS), THEC Postsecondary School Authorization, TN Board of Regents (TBR), TN Independent Colleges and Universities Association (TICUA)

Notes: Proprietary enrollment is reported annually. To isolate the proprietary sector's fall enrollment, the ratio of public institutions' fall enrollment to 12 month enrollment was averaged over three years (2009, 2010, and 2011). This percentage (83.92%) was then applied to the 2012-2013 headcount of the proprietary sector to derive the estimated fall headcount.

Excludes not-for-profit private institutions not participating in TICUA.

TCAT enrollment is preliminary. Public and TICUA institution headcount based on end of term data.

Percentages may not add to 100% due to rounding.

Figure 1.2

FTE by Sector Fall 2013

Source: THEC SIS, THEC Postsecondary School Authorization, TBR, TICUA

Notes: Due to limitations in the data, this table does not report FTE for the proprietary sector.

Full-Time Equivalent (FTE) enrollment is calculated in a manner consistent with the Outcomes Funding Formula definition found in Section 4.

UT Health Science Center, UT Veterinary School, ETSU College of Medicine and College of Pharmacy FTE are equivalent to headcount.

TCAT FTE is preliminary. Public and TICUA institution FTE based on end of term data.

Percentages may not add to 100% due to rounding.

Public Higher Education Enrollment Total Trends Fall 2003-Fall 2013

Figure 1.3

Public Higher Education Enrollment Percent Changes Fall 2003-Fall 2013

Figure 1.4

Source: THEC SIS

Note: Public higher education enrollment excludes TN Colleges of Applied Technology. Based on end of term data. UT Health Science Center, UT Veterinary School, ETSU College of Medicine and College of Pharmacy FTE are equivalent to headcount.

Notes: "Other" consists of Alaskan Native, American Indian, and Asian or Pacific Islander. "Multiracial" consists of any students that selected more than one race. If a student identified their ethnicity as Hispanic, they appear in the "Hispanic" column as well as the column for their race designation, pursuant to Department of Education reporting guidelines. Based on end of term data.

Notes: "Other" consists of Alaskan Native, American Indian, and Asian or Pacific Islander. "Multiracial" consists of any students that selected more than one race. If a student identified their ethnicity as Hispanic, they appear in the "Hispanic" column as well as the column for their race designation, pursuant to Department of Education reporting guidelines. Retention rates are inter-institutional within the public system.

Source: THEC SIS

Notes: "Remedial and Developmental Success" uses the definition set forth in the funding formula, and refers to the number of full-time and part-time students who were enrolled in any remedial or developmental course who then successfully completed college-level courses in a subsequent semester within three years of their initial enrollment. Census date is used instead of end-of-term date because THEC's inability to collect course level data makes it impossible to know if a student completed the R&D courses they were enrolled in at the census date. For example, if a student is enrolled for 15 credit hours at the census date and finishes the semester with 12 credit hours, THEC is unable to determine which class the student did not complete.

The Complete College Tennessee Act enacted in January 2010 requires that Tennessee public universities stop delivering below college level courses by July 1, 2012.

Notes: East Tennessee State University includes the Medical and Pharmacy schools. The University of Tennessee, Knoxville includes the Veterinary school and the UT Space Institute. This is a count of first awards earned by graduating students.

In some instances, the Funding Formula uses slightly different data definitions than other tables included in the Fact Book.

Notes: East Tennessee State University includes the Medical and Pharmacy schools. The University of Tennessee, Knoxville includes the Veterinary school and the UT Space Institute.

If a student identified their ethnicity as Hispanic, they appear in the "Hispanic" column as well as the column for their race designation, pursuant to Department of Education reporting guidelines.

This is a count of first awards earned by graduating students.

Undergraduate awards include less than 1 year certificates, 1-2 year certificates, associate's, and bachelor's degrees.

Graduate awards include post-baccalaureate certificates, master's, education specialist, first professional, and doctoral degrees.

Notes: **Total Grads** were first-time, full-time freshmen (FTFTF) who enrolled summer of 2007 and returned that fall, or enrolled fall 2007 and graduated from either their admitting institution or another institution by spring or summer of 2013. Graduates from the summer of 2013 were included along with traditionally reported spring graduates to align with IPEDS reporting. The grad rate for the **Total Grads** category is a distinct count of students and includes all in-and out-of-state graduates. The grad rate for the **Grads from Admitting Institution** category consists of students who began at their admitting institution and graduated from that same institution within six years. Graduates in the **TN Public or TN Private Institutions** columns may be duplicated; students graduated from either their admitting institution or another institution, or *both* their admitting institution and another institution. *Graduation rates were updated October 7, 2014.

Note: Graduation rates for the 2007 cohort were derived from a new calculation procedure which is outlined in Table 2.16. Grad rates in this table can be found in the **Overall Grad Rate** column of the **Total Grads** section in Table 2.16.

*Graduation rates were updated October 7, 2014.

Diplomas are awarded to students who have demonstrated the competencies required for a program and have been awarded the appropriate diploma upon completion, usually in programs of at least 900 clock hours.

Certificates are awarded to students who have demonstrated the competencies required for a program and have been awarded the appropriate certificate upon completion, usually in programs of less than 900 clock hours.

Supplemental Certificates are non-preparatory awards, usually related to a special industry or special interest.

Sufficient Credential is for students who leave a program without a credential before graduation, but have acquired sufficient competencies for employment in the field of instruction or related field.

Notes: **Calculated Enrollment** is the difference between total enrolled during the period less students still enrolled. This is the definition developed by the Council for Occupational Education, the TCAT accreditation body.

Completers Available for Placement are those that are not enlisted in the military or seeking additional education, as well as any that are not documented to be unavailable for employment because of situations such as pregnancy, other serious health-related issues (physical/mental/behavioral), caring for ill family members, incarceration, death, etc.

Notes: Calculated Enrollment is the difference between total enrolled during the period less students still enrolled-defined by the Council for Occupational Education, the TCAT accreditation body.

Completers Available for Placement are those that are not enlisted in the military or seeking additional education as well as any that are not documented to be unavailable for employment because of situations such as pregnancy, other serious health-related issues (physical/mental/behavioral), caring for ill family members, incarceration, death, etc.

Source: THEC Academic Affairs, Performance Funding Reports 2012-13

Notes: Within the state's Performance Funding quality assurance program, institutions are required to evaluate undergraduate and graduate programs. The accreditation process satisfies the Performance Funding requirements for programs that are eligible for accreditation. Other programs must undergo evaluation by external consultants or trained teams of auditors. Currently, 562 programs are eligible for accreditation. Eligibility is determined when all Tennessee institutions agree on a specific accreditor as best representing qualitative standards for each discipline.

Notes: Courses are termed "e-learning" when more than 50 percent of the content is delivered electronically.

Florida four year institutions used an 80 percent rule to define e-learning, and Florida and Mississippi two year colleges used a 75 percent rule to define e-learning, so figures for those states are lower than they would have been had they used the 50 percent rule.

Table 3.6

Public Universities & Community Colleges Peer Faculty Salary Comparison 2012-2013			
Institution	Average Faculty Salary	Peer Average Faculty Salary	Percent of Peer Average
TBR Universities			
Austin Peay State University	\$59,874	\$64,156	93%

Figure 3.2

Source: THEC Fiscal Affairs

Note: *The formula for calculating weighted average salaries changed in 2012-13 because IPEDS changed the categories of contract length in the HR survey. Nine-month equivalent salaries are now calculated by dividing the total salary outlay by the total number of service months and multiplying by 9. As such, 2012-13 is not directly comparable to prior years. Dollars are unadjusted for inflation. Data includes all institutions.

Source: SREB; "Appropriations of State Tax Funds for Operating Expenses Related to Higher Education as Percentages of State Taxes"; Updated June 2013

Notes: State appropriations include funds for medical and health programs, state-level financial aid programs for students, state funds for private colleges and universities, and state funds for coordinating or governing boards of public colleges and universities. State appropriations exclude dollars for capital construction and debt payments. Also excluded are funds from sources other than state tax funds, including all funds from student fees, federal sources, and local sources. Seven SREB states, excluding Tennessee, also provide significant additional local funding for higher education operations.

Source: THEC Fiscal Affairs

Notes: State appropriations are recurring general operating revenues.

The American Recovery and Reinvestment Act (ARRA) provided non-recurring federal funds to Tennessee higher education over the three year period from FY 08-09 to FY 10-11. ARRA also included a Maintenance of Effort (MoE) provision that required states to maintain funding for FY08-09 to FY10-11 at FY05-06 levels in order to qualify for ARRA funds.

Tuition and fees include all in-state and out-of-state tuition and mandatory fee revenues.

Dollars are adjusted for inflation using the Commonfund Institute Higher Education Price Index (HEPI).

Table 3.19

Revenue per Student Award Historical Analysis Academic Years 2002-03 to 2012-13						
Academic Year	State Appropriations	ARRA/MoE	Tuition & Fees	Total Awards	Total Revenue per Award	Student Share

Source: The Institute for College Access & Success "Project on Student Debt," College InSight, <http://www.college-insight.org>.

Notes: Most college-level data are taken directly from U.S. Department of Education sources and the Common Data Set (CDS). Student debt and undergraduate financial aid data are licensed from Peterson's Undergraduate Financial Aid and Undergraduate Databases, (c) 2013 Peterson's, a Nelnet company, all rights reserved.

Percent of Pell Grant recipients reflects the percentage of 12 month enrollment receiving Pell Grants.

Cost of Attendance reflects the costs for a student living on-campus.

State rankings are from 1 (highest debt) to 50 (lowest debt).

Section 4:

OUTCOMES FUNDING FORMULA

THEC Outcomes Funding Formula Definitions

Outcome	Definition
University and Community College Outcomes	
Student Progression	The number of students reaching 24, 48, or 72 credit hours at a University (12, 24, or 36 at a Community College).
Transfers Out	The number of students who, after accumulating 12 credit hours, transferred to another institution.
Awards per 100 FTE	The combined total of associate's and bachelor's degrees (associate's and certificates for community colleges) conferred, in an academic year, for every 100 undergraduate FTE.
University Outcomes	
Bachelor's and Associate's Degrees	The total number of bachelor's and associate's degrees conferred in an academic year.
Master's and Ed Specialist Degrees	The total number of master's and education specialist degrees conferred in an academic year.
Doctoral and Law Degrees	The total number of doctoral and law degrees conferred in an academic year.
Research and Service	Expenditures on activities eligible for indirect cost allocation. Primarily externally generated funding for research, service, or instruction.
Six-Year Graduation Rate	The six-year graduation rate of first-time, full-time freshmen who begin in the summer or fall semester.
Community College Outcomes	
Dual Enrollment	The number of high school students taking degree-credit courses in an academic year.
Associate's Degrees	The total number of associate's degrees conferred in an academic year.
1 to 2 Year Certificates	The total number of certificates, requiring 24 or more credit hours, granted during an academic year. General education certificates are excluded from this metric.
Less than 1 Year Certificates	The total number of certificates, requiring less than 24 credit hours, granted during an academic year if certificate is the highest credential earned.
Job Placements	The number of placeable graduates who obtain employment in a related field over the course of a full academic year.
Remedial and Developmental Success	The number of full-time and part-time students who were enrolled in any remedial or developmental course or instruction who then successfully completed college level courses in a subsequent semester within three years of initial enrollment.
Workforce Training	The total number of technical training contact hours in an academic year. These activities provide technical or soft skills without carrying institutional credit.

Note: Detailed definitions and other formula information can be found on THEC's website: www.tn.gov/thec.

Notes: Data reflect individual year outcomes, not three-year averages. In some instances, the Funding Formula uses slightly different data definitions than other tables included in the Fact Book.

Outcomes Funding Formula

Section 5:

GLOSSARY

Definitions

Auxiliary Enterprise: An entity that exists to furnish goods or services to students, faculty, or staff, and that charges a fee directly related to the cost of the goods or services (essentially self-supporting). Examples include: residence halls, food services, college stores, parking garages, etc.

Census Date: The traditional date on which the first degree credit headcount and full-time equivalent enrollment reports are generated for all Tennessee public institutions. Beginning Fall 2010, institutions also reported end-of-term data. All headcount and FTE enrollment reports show the historical 14th day census. Table 1.3 provides an end-of-term enrollment figure.

Degree Credit: Credit that the institution designates as regular, occupational, certificate, extension or co-op.

Formula Units: Academic entities that derive their operating funds from the public higher education funding formula. Includes public universities, community colleges, and colleges of applied technology.

Full Time Equivalent (FTE) Enrollment: For undergraduate students, fall term FTE is the total number of credits attempted divided by 12. For graduate students, the fall term FTE is the total number of credits attempted divided by 9. For students in clock hour courses, the academic year FTE is the total number of clock hours divided by 900.

Full-Time Student: A student who is enrolled for 12 or more hours of degree credit in a semester.

Mandatory Fees: A required fee for all students.

Non-Formula Units: Non-academic entities that derive their operating funds from public higher education funding other than the outcomes based formula. Includes all entities other than universities, community colleges, and technology centers. Examples include the UT Veterinary School, the Space Institute, and the Centers of Excellence.

Part-Time Student: A student who is enrolled for less than 12 hours of degree credit in a semester.

Restricted Current Funds: Funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they must be expended.

Southern Regional Education Board (SREB): The nation's first interstate compact for higher education, the SREB is a coalition of educators, government officials, and civic leaders interested in advancing knowledge and improving the social and economic life of the South.

Special Student: At the undergraduate level, a student who does not hold a Bachelor's or advanced degree and who is not working toward a certificate or degree. At the graduate level, a student who holds a bachelor's degree or higher, is not working toward a degree and is not a post-doctoral student.

Tennessee College of Applied Technology (TCAT): There are 27 colleges of applied technology across the state that are governed by the Board of Regents. The workforce development mission of the TCATs is to give Tennessee residents the opportunity to obtain the technical skills and professional training necessary for advancement in today's competitive job market. The non-credit bearing Regents Online Continuing Education Program (ROCE), the non-credit bearing Special Interest Course, and the Continuing Education Unit (CEU) are excluded from TCAT total headcount.

University of Tennessee Health Science Center (UT HSC) FTE: The number of full time students cannot be reliably calculated based on credit hours due to the high (and variable) number of credit hours taken by students in the health professions. Many programs are year round, with 'semesters' lasting 6 months, and students are enrolled in a number of sequential courses during this period. In addition, many of the courses involve clerkship experiences requiring 40 hours per week for 4 or more weeks such that credit hours accumulate quickly. Since the curriculum is fixed for most of these programs and students proceed in a lock step manner without options to pursue coursework part time, UT HSC reports FTE based on the number of students enrolled in each of the professional programs. Exceptions that allow for part time students (e.g. in the graduate school and in Nursing) occur in some programs and are tracked for the THEC report.
