

College Advising and Capacity Building With Communities Statewide

Advise TN aims to **increase the number of Tennesseans accessing higher education** by partnering with high schools and providing college advising services to **up to 10,000 junior and senior students** across Tennessee. Advise TN college advisors will be placed in partner high schools that have articulated their strong commitment to building a college-going culture and currently have a college-going rate below the state average.

College advisor services will be rooted in research and best practices sourced from Tennessee and around the nation. As part of a statewide network of college access professionals, Advise TN college advisors will collaborate with **school counselors, community partners, local nonprofits,** and the State of Tennessee to build capacity around college access in the 2016-2017 school year and beyond.
