

# TENNESSEE HIGHER EDUCATION COMMISSION

CONSENT CALENDAR ITEM: II.

**MEETING DATE:** February 7, 2025

**SUBJECT:** Transmission of FY2024-25 Revised Operating Budgets

**ITEM TYPE:** Action

## BACKGROUND

The General Appropriations Act requires that the operating budgets for all higher education units be submitted by the respective governing boards to the Tennessee Higher Education Commission. Each higher education board submits two operating budget estimates each year: the proposed (July 1) and revised (October 31) estimates. These estimates are compared throughout the enclosed materials. The budgets are then submitted to the Department of Finance and Administration for review.

## SUMMARY OF OPERATING BUDGETS

The FY2024-25 revised operating budgets for higher education are uniform across institutions for all categories of revenues and expenditures. Campuses will direct the majority of their resources to the academic and teaching functions. Additionally, auxiliary enterprises' (e.g. residence halls, dining halls, bookstores) expenditures are not expected to exceed revenues plus unallocated auxiliary fund balances.

Total educational and general revenues for higher education institutions in FY2024-25 are expected to be over \$5 billion. Tuition and fee revenue is expected to account for 46.2% of total revenue, while state appropriations will account for 42.9%. In FY2023-24, tuition and fees accounted for 45.3% of overall revenue, and state appropriations accounted for 44.3%.

Revenue from tuition and fees in FY2024-25 is estimated to increase 8.4% for universities, community colleges, and colleges of applied technology, while state appropriation revenue is expected to increase 3.6% compared to FY2023-24 revised budgets.

Over the last decade, institutions have steadily devoted the majority of their expenditures to instructional activities. The teaching functions on campus—instruction, research, public service, and academic support—account for 59.8% of overall expenditures in FY2024-25, as compared to 63.1% ten years ago. Funding to scholarships has increased from 5.2% to 7.9% over that same time.

## TENNESSEE STATE UNIVERSITY REVISED BUDGET UPDATES

Given the continuing financial uncertainties at Tennessee State University (TSU), THEC staff took additional steps to compare the provided budget data for TSU to their formula-funded peers.

Tennessee State University's revised budget is unique among its formula-funded peers in expected E&G revenue between their proposed FY2024-25 operating budget and their revised FY2024-25 operating budget. While the average Locally Governed Institution (LGI) reported expected revenue that was 1.7% higher than their proposed budget, Tennessee State University's expected revenue declined 15.5% from their proposed to revised budgets. This expected decline is driven by a \$25.4M shortfall in expected tuition revenues at TSU. This expected shortfall is related to the large decline in student enrollment seen at the institution for Fall 2024.

All LGIs expect greater E&G expenditures in their revised FY2024-25 operating budget, with an average expected increase of 15.8% relative to the proposed budget, though the use of expected expenditures varies dramatically. Tennessee State University's revised FY2024-25 budget is unique among its LGI peers in expected E&G expenditures between their proposed FY2024-25 operating budget and their revised FY2024-25 operating budget. The average LGI plans to invest well over half of additional expenditures in two categories: instruction and research. Conversely, TSU's expenditures are expected to decline in these two categories, instead recognizing obligations for scholarships (+68.3% from the proposed budget), institutional support (+24.9%), and operations and maintenance (+21.0%).

Finally, Tennessee State University is unique among its peers in the actual FY2023-24 and expected FY2024-25 balance of their unrestricted funding, or reserves, reported in the revised operating budgets. While almost all institutions, including formula and specialized units, have revised budget expenditures that do not exceed revenues plus reserves, this is not the case for TSU.

THEC staff will continue to monitor the operating budgets of Tennessee State University and provide any information needed to inform policy decisions or inquiries by the commission related to this matter.

## **RECOMMENDATION**

The FY2024-25 October 31 revised operating budgets have been analyzed by Commission staff and are presented with the recommendation that the Executive Director transmit the budgets, along with the appropriate commentary, to the Commissioner of Finance and Administration for review.
