<b>Written Comment</b>	<p>I love the education my child is receiving at this school, the transparency of the faculty and staff, the way they give special education services the way they communicate with me therapist outside services. The IEP process is the way things should be. I would never want to go back to dealing with Memphis-Shelby County Schools. I think it would be better if Greendot took over Wooddale High School as well.</p>

<b>Written Comment</b>	To Whom It May Concern:

I, Amertice Allen, feel compelled to send this letter regarding Wooddale Middle School in Memphis, TN. As a former Green Dot Public School Tennessee Board Member and a current IOTA Community Schools Board Chair, I would like for this letter to support the formal request to have Wooddale Middle School remain with IOTA Community Schools. There has been growth and enhanced development at Wooddale over the past 10 years. As a caring member of the Memphis community, I understand the importance of shaping young minds and finding purpose that will lead them on a path to greatness and becoming productive members of society. The administrative and academic staff at Wooddale work as a cohesive team, keeping the students first and creating relationships across the Memphis community in support of Wooddale. Establishing these relationships has allowed the community to embrace academic excellence and student well-being.

As a native Memphian, I am also very aware that Wooddale Middle isn't just a school, but it is a staple in the Memphis community. I've witnessed the positive changes at Wooddale and see how the students have a sense of pride and take seriously the work that must be done as they prepare for college and a journey into future leadership. I know several alumni are proud of the great work and positive changes at Wooddale Middle School. It is fitting that Wooddale Middle remain a part of the IOTA Community Schools family and continue to be a beacon of light for the community.

Yours Truly,  
Amertice Allen, MPH

<b>Written Comment</b>	<p>I'm am writing to support lota schools to continue to remain the district for Wooddale Middle. My daughter is in the sped class at this school. This is the first year my daughter has actually wanted to come to school because of the teachers and the overall school. I understand that mcsc wants all their schools back but let's be real the schools they have now they can't staff, they take them back and the schools becomes very violence and they are failing. Look at the school data for Wooddale and the now data for Fairley high. They are doing the work that shows that the schools and the students are performing and achieving. The broad member said it best if Mcsc can't fix the schools , staff the schools why want they allow the charter schools continue to have the schools and continue to progress. I pray you all make a non basis decision and truly read the feelings from all the parents for this school</p>

Dear Tess,

I am writing in support of IOTA Community Schools', formerly Green Dot Public Schools TN, continued operation of Wooddale Middle School.

I have had the pleasure of touring these schools and meeting with the school leadership on several occasions over the years. I have always been impressed with the quality of instruction in the classrooms, the level of engagement with families and the community, and the services the organization has provided students to ensure they are successful in and out of school.

IOTA Community Schools is a quality charter operator working to improve the academic outcomes of students throughout Memphis, especially students in underserved communities. I support the continued operation of Wooddale Middle School by IOTA Community Schools for another ten-year term.

If you have any questions please do not hesitate to reach at any time. Thank you!

Sincerely,
