My name is Meesha Munnings, and I have proudly served at Kirby Middle School for the past 10 years. During this time, I have witnessed firsthand the incredible transformation that has taken place within our school and the surrounding community. The changes we have made are not only visible in the structure of our programs but also in the culture, climate, and opportunities provided to our students.

While we acknowledge that our achievement scores have not yet fully reached the desired benchmarks, the year-to-year growth of our students is nothing short of monumental. Our data reflects steady and significant progress, which is a direct result of the dedication of our staff, the implementation of strong instructional practices, and our relentless commitment to student success.

Kirby Middle School is more than a building-it is a cornerstone of this community. We provide stability, support, and resources that go beyond academics. We have built relationships with families, fostered student confidence, and cultivated an environment where every child is encouraged to thrive. Closing or converting this school would disrupt the progress we have made and negatively impact the lives of countless students who depend on us.

I urge you to consider the tremendous growth and the positive impact Kirby Middle School has had on its students and community. With continued support, we are confident that we will not only sustain this growth but accelerate it, ultimately reaching the achievement levels we all desire for our children.

Thank you for considering my perspective and for supporting the ongoing success of Kirby Middle School.
