Phone	(901) 233-1628
Resident District Status	Non-district Resident
What is your resident district?	Memphis, Shelby County
Relationship to Application/District	Prospective Parent
Written Comment	We support the proposal for Libertas High School. Parents want options for great schools within the Frayser community and across Shelby County. There is truly something special about the Libertas school community. They are intentional about education, and more importantly, they care deeply about both the students and the parents.

Relationship to Application/District Community Member

Written Comment Libertas truly knows how to meet students where they are and adequately provide a diverse model for education that resonates for children of differing abilities in a holistic way, not in a way that is only applicable to the classroom. This type of education is a game changer for children at the high school level, when they are fiercely independent and recognizing the staunch connection (or disconnection) between the world they live in at school and the world they live in outside of school. Libertas has been masterful at teaching the application of knowledge and virtues in the classroom community and the community at large, preparing children in a way that will enhance their lives for years to come.

Written Comment

My name is Brionna Grillo. I currently have two sweet little boys who attend school here, one who is in Kindergarten and another who is in 1st grade. I also have a baby girl who will be a little bison before too long.

My family and I are no strangers to the Montessori method and when the topic of schools initially came up, after much research and many school visits, from the website to the first time we walked through those doors, Libertas was always our first and only choice. They continue to show up and show us why we chose them everyday.

The culture they've created and the community they've cultivated is amazing.

Our kids are thriving here and they come home everyday saying they've had a good day and my oldest has even aspired to be a teacher at Libertas. I know seasons change with them but just that statement alone speaks volumes to Libertas's wonder work and love they cultivate here.

My favorite part of the year is parent peek ins where we get to see not only how much they've grown but how they learn.

We see growth even on paper from the testing scores, my children continue to exceed and are above average in their MAP testing.

They're learning skills that will sustain them inside and outside of the home for many years and it's just the tip of the iceberg for my little ones and I want to continue to see that growth and where it takes it them.
