I wish to comment in support of	The Rock Academy
Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

I wish to comment in support of	The Rock Academy
Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

I wish to comment in support of	The Rock Academy
Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

Written Comment	<p>We stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote "YES" to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-let's support our youth, community needs, local demands, and legislation.</p>

Written Comment

Hello, Im Pastor Rodriguez from Casa de Dios USA, a local pastor and community leader, I am writing to express my full support for the approval of The Rock Academy as a public charter school in our area. Our community urgently needs high-quality educational options that reflect both academic excellence and moral character, and I firmly believe The Rock Academy is uniquely equipped to meet this need.

As a supporter of school choice, I believe that parents should have the freedom to choose the educational path that best fits their childrens unique learning styles, values, and aspirations. Not all students thrive in a one-size-fits-all system, and charter schools like The Rock Academy offer innovation, flexibility, and a strong sense of mission that benefits not only families, but the entire community.

The Rock Academy is rooted in a vision that prioritizes not only academic achievement but also personal responsibility, leadership, and service. It empowers teachers to educate with purpose and passion, allowing them the freedom to innovate and inspire. When educators are trusted and supported, students flourish-and thats what The Rock Academy promises.

Our community will be stronger with the presence of a school that partners with families to raise up the next generation of leaders, thinkers, and citizens. I respectfully urge the decision-makers to approve The Rock Academys charter application and give our families and educators the opportunity they deserve.

Sincerely,
Pastor Josue Rodriguez
Casa de Dios USA

Public Comment on The Rock Academy Charter Application
Submitted by: Maura Black Sullivan, Chief Operating Officer
Metro Nashville Public Schools

To the Tennessee Public Charter School Commission:

As Chief Operating Officer of Metro Nashville Public Schools and a lifelong public servant with over 25 years of experience in public education and local government across Tennessee, I write to express my strong concerns and opposition to the application for The Rock Academy to locate in the Metro Nashville Public School District.

The application, in both its original and amended form, presents significant deficiencies across academic, operational, and financial planning domains. These unresolved issues call into question the school's readiness to open and its long-term viability, particularly in its ability to meet the needs of the students it purports to serve.

Facilities and Physical Education

The initial application indicates that The Rock Academy will not have a gymnasium in its first two years and plans to use the cafeteria space for physical education. This presents logistical and safety concerns, including inadequate time to provide meaningful physical education programming, inefficient scheduling, and potential hazards posed by the storage and handling of cafeteria equipment during PE classes. These are not minor operational details-they directly affect the quality of educational programming and student safety.

Recruitment, Mission Alignment, and Equity

The application heavily relies on referrals from community partners for student recruitment, which may limit equitable access and does not appear to be sufficiently focused on the legally required recruitment of at-risk students. The amended application adds a multitude of recruitment-related tasks, but fails to clearly assign responsible personnel or provide a feasible implementation plan. This raises serious doubts about the school's capacity to fulfill its mission.

Instructional and Operational Readiness

There is a notable lack of detail in key operational areas, including transportation-especially for off-site Career and Technical Education (CTE) and for students with disabilities. The application lacks adequate information about the challenges the applicant anticipates in start-up operations, the costs of acquiring and maintaining necessary CTE equipment, and the planning necessary for the transition to a permanent facility.

Governance, Planning, and Fiscal Stability

Concerns persist regarding the school's conflict of interest policy, lack of depth in the student and family handbook, and the absence of board training and advisory group integration into the governance structure. These omissions reflect a lack of preparation for the complexity of operating a public charter

school in compliance with Tennessee's accountability standards. The financial projections included in the amended application are particularly troubling. They show negative fund balances in years one and two, a slim surplus in year three, and a declining balance in year five. The school appears to be relying on legislative changes that have not occurred to make its construction financially feasible. It also plans to utilize a facilities consultant who, by their own timeline, took two years to assist another school in securing a location-one that still lacks appropriate permits just two months before its intended opening.

Conclusion

Metro Nashville Public Schools is deeply committed to ensuring that every student has access to high-quality, safe, and equitable education options. Unfortunately, this application does not meet those standards. The Rock Academy's proposal demonstrates insufficient preparation, vague and unproven strategies, and a lack of realistic planning. As such, I respectfully urge the Commission to deny the application.

Public Comment in Support of MNPS Board of Education's Decision

I strongly support the MNPS Board of Education's decision to deny the Rock Academy Public Charter School's application, and I respectfully urge the Commission to uphold this decision.

As a seasoned leader in finance and public education, I am deeply concerned by the financial instability reflected in Rock Academy's proposed budget. The application projects a deficit nearing half a million dollars in its first year and does not reach a positive balance until year three. This level of financial uncertainty poses a serious risk to the school's ability to operate effectively and sustainably.

A budget that begins with such a significant shortfall and remains in deficit for multiple years leaves the school highly vulnerable to common challenges such as fluctuating enrollment, reductions in local funding, and rising operational costs due to inflation. These are not hypothetical risks-they are real and recurring pressures in public education finance.

If allowed to open under these conditions, Rock Academy would likely struggle to meet payroll obligations and provide essential resources for students. The consequences would fall squarely on the shoulders of teachers, students, and families-those who deserve stability, support, and a well-resourced learning environment.

For these reasons, I respectfully ask the Commission to reject Rock Academy's appeal and stand with MNPS in prioritizing fiscal responsibility and student well-being.

MNPS employs a comprehensive, Multi-Tiered System of Support (MTSS) to identify student needs early and provide targeted interventions that nurture both academic achievement and emotional wellness at every grade level. Using real-time student feedback and leading data, MNPS is able to pinpoint concerns quickly, ensuring timely, intentional, and effective support. Data-driven, tiered interventions are designed to foster both academic growth and personal development through specialized instruction. MNPS has prioritized emotional wellness by ensuring barrier-free access to resources, leveraging both internal expertise and collaborative community partnerships.

Every MNPS school is staffed with master's level school social workers who provide in-house, goal oriented mental health counseling to students and families, at no cost. Advocacy Centers across the district offer dedicated spaces where trained adults help students identify emotions, practice coping skills, and reengage with learning. This approach has led to an increase in instructional time and a decrease in behavioral exclusions.

Through partnerships with Centerstone, Mental Health Cooperative, STARS, and Vanderbilt, MNPS continues to expand school-based mental health services, ensuring students and families can access care with ease. A districtwide focus on restorative practices is evident in the investment in reset rooms and restorative practice assistants, fostering accountability and conflict resolution rather than punitive discipline.

When paired with high academic expectations, these supports have produced measurable results: improved state test scores, increased daily attendance, increased instructional time, and stronger overall student success.

There is no evidence that this level of whole-child programming, combining rigorous academics with comprehensive mental health, behavioral, and family engagement supports will be available through educational opportunities outside of MNPS

Metro Nashville Public Schools (MNPS) is already leading the work The Rock Academy proposes to undertake. While we respect the mission to re-engage disconnected youth and provide flexible, relevant learning experiences, MNPS has long been committed to these goals-and we are doing so at scale, with measurable success.

MNPS serves over 81,000 students across 157 schools, representing one of the most diverse districts in the country. Our student population is 39.2% Black, 32.2% Hispanic, 24.4% White, and 3.8% Asian. Nearly 35% of students are economically disadvantaged, 23% are English Language Learners, and 12.8% receive special education services. These numbers reflect the complexity and diversity of needs we already meet every day.

Our graduation rate reached a record 85.7% in 2024, a testament to the strength of our support systems. However, we know graduation alone isn't enough. That's why MNPS has invested deeply in student support services, including the Positive Schools Supports Department, which is embedded across the district. This team works to create safe, inclusive, and emotionally supportive environments where students feel they belong.

We don't just talk about flexibility and relevance-we live it. MNPS offers alternative learning pathways, credit recovery, virtual options, and career and technical education (CTE) programs tailored to meet students where they are. Our educators are trained to recognize and respond to trauma, build relationships, and create learning experiences that connect to students' lives and futures.

The Rock Academy's emphasis on "I Belong," "Be Flexible," and "Be Relevant" mirrors MNPS's existing framework. Through initiatives like Re-Engagement Centers, Navigator programs, and SEL-integrated instruction, we are already re-engaging disconnected youth and helping them succeed in post-secondary pathways. These efforts are not experimental-they are grounded in research, aligned with national best practices, and already producing results.

While the Rock Academy may offer a boutique experience for a small group of students, MNPS's systems are designed to serve all students, equitably and sustainably. We believe public education should be inclusive, transparent, and accountable to the entire community-not fragmented through charter expansion.

Moreover, while MNPS celebrates its gains, we are also honest about the work ahead. That's why we're doubling down on proven strategies-not outsourcing them. In short, MNPS is not waiting for a charter to lead the way. We are already doing the work-at scale,

with integrity, and with a commitment to continuous improvement. Rather than duplicating efforts through a new charter, we should invest in strengthening and expanding the successful systems we've built. Our students deserve consistency, innovation, and the full benefit of a district that is already leading in re-engaging youth and preparing them for the future.

In our district, collaboration and ensuring every student is known are top priorities. We are deeply committed to serving students in special populations, including those in foster care, hospitals, residential treatment facilities, and those supported through Section 504 plans.

Despite the vulnerabilities these students may face, we work diligently to provide comprehensive academic and non-academic support that promotes:

- Educational stability
- Reduced absenteeism
- Minimal disruption to learning

This is achieved through ongoing collaboration with Student Support Services and a wide network of internal and external partners. Together, we proactively identify and eliminate barriers so that every student-regardless of circumstance-has the opportunity to thrive.

Written Comment	<p>Dear Tennessee Charter Commission,</p> <p>I write in support of Metro Nashville Public Schools' thoughtful evaluation of The Rock Academy charter application. As Director of Family & Community Partnerships, I lead teams that coordinate extensive wraparound services and community networks-including mental health support, mentoring, housing assistance, and family engagement-that directly serve MNPS students and families.</p> <p>While The Rock's mission to re-engage disconnected youth through belonging, flexibility, and relevance is admirable, MNPS already implements similar supports within its district: restorative practices, personalized interventions, project-based learning, CTE pathways, and holistic advising alongside strong community partnerships. These are embedded within our schools and delivered equitably to all students.</p> <p>Approving the charter risks fragmenting services, creating resource duplication, and potentially widening inequities. Instead, MNPS is committed to strengthening and scaling these evidence-based models-ensuring support and opportunity are available in every school.</p> <p>I respectfully urge the Commission to affirm MNPS's position and continue building on its whole-child, community-based systems.</p> <p>Best, Makeda Watson Director, Family and Community Partnerships</p>

Written Comment	<p>Dear Commissioners,</p> <p>I am writing in strong support of MNPS and the Board of Education's decision to decline The Rock Academy application. MNPS already provides high-quality career and technical education, supported by strong family and community partnerships, extended learning opportunities, and comprehensive student support services.</p> <p>These programs are available to students across the district and are intentionally designed to meet the needs of the whole child. Introducing a new charter school with similar goals would not expand access-it would simply duplicate existing offerings and divert critical resources away from our current schools.</p> <p>Upholding the Board's decision will allow MNPS to continue strengthening the proven programs and partnerships that serve all students equitably.</p> <p>Thank you for your consideration.</p>

Written Comment	<p>Dear Commissioners,</p> <p>I support MNPS's decision to decline The Rock Academy's charter application. In my role with Community Achieves, I help connect students and families to academic, social-emotional, and enrichment supports that meet their needs in our existing schools.</p> <p>The Rock's focus on belonging, flexibility, and career relevance mirrors what MNPS already delivers. Through Community Achieves, Extended Learning, and our Student Support Services, we provide mentoring, mental health services, flexible scheduling, mastery-based learning, and career pathways in engineering, design, and trades.</p> <p>These are integrated into neighborhood schools, ensuring every student-not just those enrolled in a single charter-can access them. A separate charter could fragment these efforts and reduce equitable access to supports.</p> <p>Please uphold MNPS's decision and allow us to continue strengthening these district-wide systems.</p> <p>Sincerely, Janelle Wommer Community Achieves Specialist Metro Nashville Public Schools</p>

My name is Fr. John Raphael and I am the pastor of Christ the King Church in Nashville. In a previous assignment, from 2004-2011, I was principal and president of St Augustine High School in New Orleans, LA.

I was the chairman of the Board of Directors of Project Reflect/Smithson Craighead Academy when we hired Ahmed White as Executive Director and Principal. Immediately before his hire I was prepared to usher the school to a just and dignified end due to administrative and financial chaos.

Ahmed literally turned the school around within a years time and we became an award winning school. His ability to engage the community for substantive support is only matched by his passion for young people and his expertise as an educator.

I am absolutely convinced that the Rock Academy will be a shining example of what can be done to support extremely at risk students and I wholeheartedly urge the approval of its charter.

I stand in full support of The Rock Academy. As you consider our appeal, we urge you to vote YES to approve this innovative post-secondary charter school. The Rock Academy is designed for opportunity youth, with a focus on workforce readiness, student development, and long-term success. With a model centered on belonging, relevance, and flexibility, The Rock will re-engage disconnected students and prepare them for bright futures. Nashville needs more high-quality public options like this-lets support our youth, community needs, local demands, and legislation.

Written Comment	<p>As both a former Chief Academic Officer and the current Chief of Special Projects for MNPS, I evaluate charter school proposals through two essential questions:</p> <p>Does the proposed school offer something meaningfully unique and better than what our district already provides?</p> <p>Will it strengthen, rather than dilute, the broader public education system entrusted to us?</p> <p>After reviewing the proposal The Rock, I do not believe it meets these standards.</p> <p>Our board fully understood that The Rock is not an Alternative Learning Center. I evaluated its model on its own merits, and I found critical gaps. The school lacks a targeted recruitment plan for disengaged or high-risk youth, and its heavy reliance on asynchronous learning does not meet the needs of students requiring structure and real-time support. There is no trauma-informed or behavioral framework to ensure stability for the population it intends to serve. The proposed late start time is neither well-researched nor supported by a strong implementation plan, and the instructional design is not meaningfully distinct from existing MNPS offerings. The financial plan is also underdeveloped, with unclear budget assumptions and insufficient contingency planning.</p>
