FY 2021 Highlights

- Partnered with 4th Purpose Foundation and Men of Valor to develop reentry housing and support services for offenders returning to the East Tennessee area.

The Department responded to the unique situation of the pandemic to include implementation of technological interventions by increasing telehealth capabilities.

- Expanded post-secondary partnerships in each region of the state with Tennessee Board of Regents (TBR) and Tennessee Higher Education Initiative (THEI) including a new bachelor’s degree program through Lane College for incarcerated individuals in West Tennessee.

- Launched a new victims notification system called Victim Information and Notification Everyday (VINE) which allows survivors, victims of crime, and other concerned citizens to access timely and reliable information about incarcerated individuals.

**Technical Violator Returns**

42% REDUCTION *Since 2014

Technical violators are probationers or parolees who violate conditions of supervision that generally do not result in an arrest (e.g. failure to report) which may result in reincarceration. Implementation of the seamless supervision model resulted in positive outcomes for offenders who avoided revocation by the term of compliance with their conditions of supervision.
