

At the Tennessee Wildlife Resources Agency, we know how important this event is for you. We also know just how carefully you plan for your child's future. Why not start now with a Lifetime Sportsman License for the little one?

By purchasing a Lifetime License you can guarantee that the great outdoors will be introduced sometime in your child's life. Also, as your child grows older and the costs associated with hunting and fishing rise, he or she will never have to pay another dime for a license and it's valid in Tennessee even if you should move out of state.

Whether it's fishing with Grandpa along one of our scenic rivers or lakeshores, or carrying on the great hunting heritage unique to Tennessee, this license is all your child will ever need.

Please take a moment to review the enclosed Tennessee Lifetime License application. Call us with any questions and don't pass up this opportunity!

Again, congratulations on your new baby. May you and your family enjoy the many benefits of Tennessee's great outdoors.

For more information about Lifetime Licenses, please visit our website at www.tnwildlife.org or dial toll-free **1-800-648-8798**.

Congratulations on your new baby!
