

Complex Claims Assistance Program Discharge Upgrades TDVS Fact Sheet V3 February 2025

A less than fully honorable discharge can have negative and long-lasting consequences on former service members following their military service. A less than honorable discharge can prevent Veterans from accessing VA benefits, cause difficulty finding employment, and contribute to chronic homelessness.

Why it matters: The rate of Veterans with less than honorable discharges has been climbing since World War II, through the Vietnam War, and to the present day according to [*Underserved: How the VA Wrongfully Excludes Veterans with Bad Paper*](#) published by the Veterans Legal Clinic of Harvard Law School.

What's next: TDVS is partnering with NVLSP's Lawyers Serving Warriors® program to help in some former service members seeking discharge upgrades.

Take these three steps to seek assistance for your client --

Step # 1 - Establish Power of Attorney with TDVS.

Step # 2 – Assist the Veteran with completing the Lawyers Serving Warriors
[Online Screening](#) questionnaire.

Did You Know?

Did you know there’s a [special rule](#) for Veterans with “Other Than Honorable” discharges that may allow VA treatment for conditions that began or became permanently worse during their military service?

Did you know that if a Veteran left the military with “bad paper” and their discharge hasn’t been upgraded they still may be able to get VA benefits? If a Veteran has a discharge that is neither Honorable nor General (Under Honorable Conditions), a Veteran can ask the VA for a Character of Service Determination, which may determine eligibility for purposes of most VA benefits.
