

2022 January – July TOSHA Seminar Schedule

TOSHA

Basic Safety and Health – This full day class will review Exit Routes, Emergency Action and Fire Preventions Plans; Machine Guarding, Lockout/Tag-out, Hazard Communication, Personal Protective Equipment, and Respiratory Protection.

03/15 -- Kingsport - TCCI

03/22 -- Murfreesboro - TCCI

Basic Safety for Utilities - This full day class will review confined spaces, trenching & excavation, personal protective equipment (PPE), walking working surfaces, lockout / tag-out (LOTO), electrical, & the most cited standards in utilities

7/12 - Lenoir City - TAUD

Forklift and Warehouse Safety – This full day class will cover the hazards and injuries likely to occur in warehousing and storage operations, including encounters with powered industrial trucks, material handling, lifting, hazard communication, walking and working surfaces, and life safety including fire protection and evacuation. This course is intended for warehouse workers, supervisors, and employers responsible for developing safe work practices and procedures in a warehouse setting.

04/05 -- Murfreesboro - TCCI

04/07 -- Chattanooga - TCCI

04/21 -- Jackson - TCCI

Special Emphasis Programs – The half day class will define both the National and Local Emphasis programs. This program is intended to address hazards or industries that pose a particular risk to workers. Enforcement strategies are designed and implemented at the national and/or regional office levels.

03/16 -- Knoxville - TCCI

04/08 -- Chattanooga - TCCI

04/20 -- Jackson - TCCI

Maintenance Related Standards – This full day class will review the most cited standards in general industry, lockout / tag-out (LOTO), machine guarding, electrical, confined spaces, housekeeping, egress routes, emergency procedures, fire safety, compressed gas safety & health hazards.

02/03 -- Morristown - TCCI

02/08 -- Jackson - TCCI

02/10 -- Murfreesboro - TCCI

OSHA 10-Hour for Construction – This two-day course emphasizes the identification, avoidance, control, & prevention of safety & health hazards present in construction. An OSHA 10 Hour card is achieved after successfully completing the course.

02/01-02 -- Nashville - TCCI

OSHA 30-Hour for General Industry – This four-day course emphasizes the identification, avoidance, control & prevention of safety & health hazards present in general industry. The training helps to ensure that workers are more knowledgeable about workplace hazards and their rights. An OSHA 30 Hour card is achieved after completion of the course.

04/18-21 -- Greeneville - WSCC

05/10-13 -- Murfreesboro - TCCI

Recordkeeping - This half day class will review recordkeeping requirements, maintenance of the OSHA 300 log, reporting & electronic scanning requirements.

01/20 -- Murfreesboro - TCCI

01/25 -- Knoxville - TCCI

01/27 -- Jackson - TCCI

Walking, Working Surfaces – This half day class will review 29 CFR 1910 Subparts D and I. Falls from heights and on the same level (a working surface) are among the leading causes of serious work-related injuries and deaths. This rule on Walking-Working Surfaces and Personal Fall Protection Systems was developed to better protect workers in general industry from these hazards by updating and clarifying standards and adding training and inspection requirements.

03/30 – Jackson - TCCI

03/31 – Murfreesboro - TCCI

Welding Safety & Health – This half day class will provide information about potential hazards and possible solutions associated with welding, cutting and brazing operations. Many of the hazards can be controlled with proper work practices and personal protective equipment (PPE). This class will review 29 CFR 1910 Subpart Q.

05/24 – Murfreesboro - TCCI

06/21 – Morristown - TCCI
