

Drowning - Inspection #1847360

A 21-year-old male was working as a lifeguard when he was found unresponsive in the water. Video of the event shows the victim falling forward from sitting position in the lifeguard chair into the water. No hazards were observed in the area to contribute to the event. Screening for airborne levels of chlorine taken during the investigation were below detectable limits.

Citation(s) as Originally Issued

A complete inspection was conducted at the accident scene. Some of the items cited may not directly relate to the fatality.

No citations were issued.
