This resource and hiring fair is for justice-involved individuals and members of the community who are looking for employment and community support. It will bring together representatives from community-based non-profit organizations, non-governmental organizations, and state agencies that offer services to help justice-involved individuals successfully return to living in our communities. Second Chance employers who work with justice-involved individuals will be available to meet prospective employees. Attendees can also meet with stakeholders who work to help justice-involved individuals successfully transition back into communities across Tennessee.
