Total Operational

NOTE: This report reflects an average of the daily counts at each institution which are reported via the *TDOC Population Overview Report* produced by the TDOC Classification section. The data used for this report was extracted by Strategic Technology Solutions (STS), a division within the Tennessee Department of Finance & Administration, from the Tennessee Offender Management Information System (TOMIS) and summarized by Decision Support: Research & Planning of the Tennessee Department of Correction.

#### TDOC BED SPACE AND OPERATING CAPACITIES

#### February 28, 2023

#### **TOTAL ACTIVE BEDS AVAILABLE**

Institutional capacity designed and constructed for housing inmates sentenced by courts. Speciality beds, where an offender is held for a limited time, are not included in the total active bed count.

### TDOC OPERATING CAPACITY (DESIGNATED CAPACITY)

Operating capacity is based upon the number of total active beds available and the designated use of certain beds. The OPERATING CAPACITY indicates the population which should be assigned to the institution on a regular basis. The underlying logic is to exclude from capacity beds for special purposes such as medical or mental health reasons, disciplinary segregation, protective custody, and maximum security. The Department's operating capacity is currently set at 98% of total beds available.

#### **POPULATION**

The POPULATION reported is the **assigned count** on the last day of the month. It includes inmates on furlough, out to court for appearances, in the hospital, or on escape status. All of these are expected to return to in-house custody.
