- 81% of the total authorized positions for TDOC are in correctional facilities.
- 65% of the total systemwide FTE's are in uniformed security.

## STAFFING TRENDS

Correctional facility staffing trends are presented in the graph above. They include data on total facility staffing (expressed in FTEs or full time equivalents) and uniformed security staffing levels as compared to the average daily inmate population.

Between FY 2004 and FY 2013:

- Inmate average daily population increased by 4.0%
- Total facility staffing increased by 9.1%
- Total uniformed security staffing decreased by 5.2%.

## SALARY COMPARISONS

The ability to recruit and retain qualified staff continues to be a concern for the Department. Because salary levels are critical in recruitment and retention of staff, the Department closely monitors other correctional and law enforcement agencies to compare its salaries with those offered by agencies performing similar functions.

State DOC	Average Starting Salary
Arkansas	\$30,135
Missouri	\$27,774
North Carolina	\$27,637
Virginia	\$27,485
Alabama	\$25,519
<b>Tennessee</b>	<b>\$25,476</b>
Georgia	\$24,322
Kentucky	\$23,436
Mississippi	\$22,006

When compared to neighboring state correctional departments, TDOC ranks 6<sup>th</sup> in the average starting salary for correctional officers. Of the 15 states participating in the Southern Legislative Conference, Tennessee places 8<sup>th</sup> – with an average starting salary below the SLC average of \$26,064.

Source: Southern Legislative Conference, July 2012.

Federal Bureau of Prisons	\$38,619
Shelby County Sheriff's Office	\$35,211
Hamilton County Sheriff's Office	\$32,090
Davidson County Sheriff's Office	\$31,563
Knox County Sheriff's Office	\$28,812

TDOC compensation is lower than other correctional and law enforcement agencies located near some of our facilities. These are some of the agencies with whom we compete directly in the recruitment and retention of uniformed staff.

## TURNOVER RATES FY 2012 - 2013

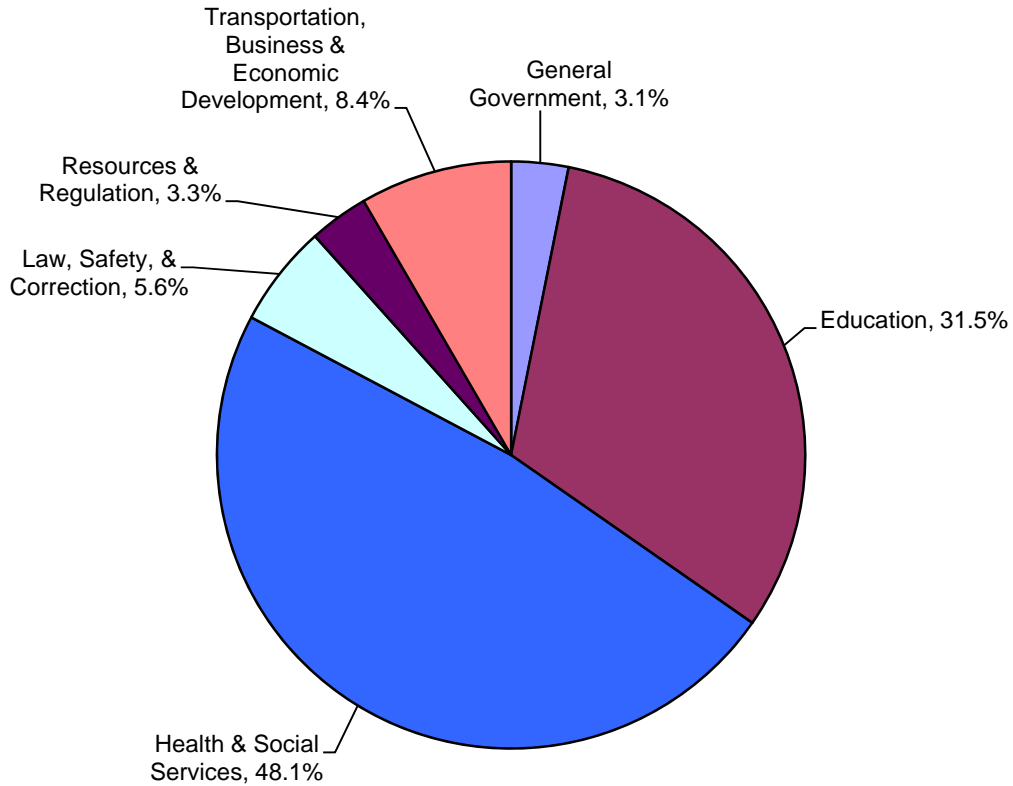

Institution		Correctional Officer Turnover Rate
Bledsoe County Correctional Complex	BCCX	57.0%
Charles Bass Correctional Complex	CBCX	37.2%

District 5	23.3%
District 6	9.3%
District 7	18.5%
District 8	21.2%
<b>Systemwide</b>	<b>17.0%</b>

In FY 2013, the correctional officer turnover rate was 32.0% systemwide. The turnover rate includes all officers leaving positions, but excludes those occurring when an employee is transferred or promoted within the TDOC system in the correctional or probation/parole officer series.

**TDOC IN THE CONTEXT OF THE STATE BUDGET**

FY 2012 - 2013 Total Budget Recommendations  
By Function of Government

The State of Tennessee's Budget included \$30.2 billion in recommended funding allocated by "functional area." Total funding budgeted for the Department of Correction in FY 2013 was \$899,270,500.

**FELON POPULATION TRENDS**

The felon population data included in this Statistical Abstract is from the Tennessee Offender Management Information System (TOMIS) unless otherwise stated. Data from other sources may vary from TOMIS due to the time delay in the TOMIS data entry process. In some cases information is not received until several months after sentencing, admissions, release, etc. The data on this page and page 22 are from TDOC monthly population reports.

## **CLINICAL SERVICES DIVISION**

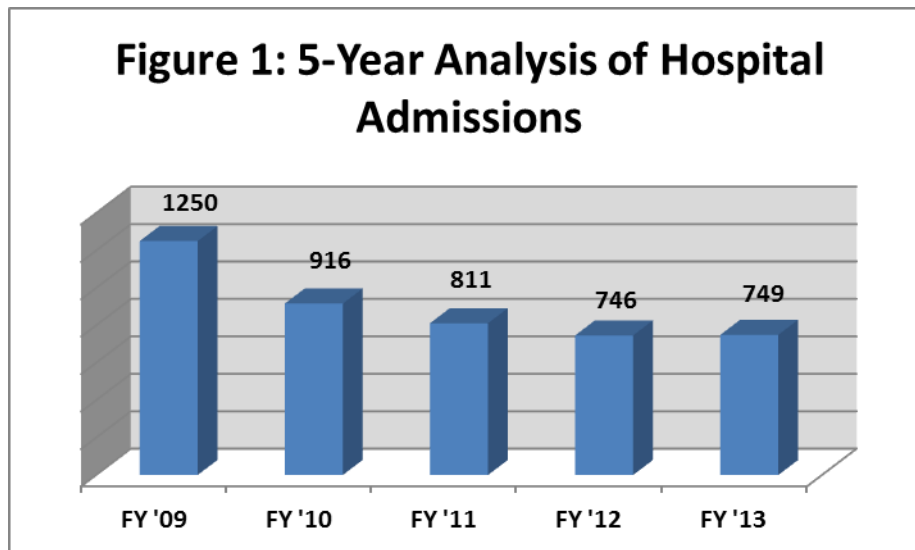

The Office of Clinical Services is operated under the leadership of the Director of Clinical Services. The mission of the Department of Correction is to operate safe and secure prisons. The Division of Clinical Services accomplishes this mission by providing quality healthcare in the most efficient, cost effective, and ethical manner possible to its more than 21,000 inmates, while protecting the public health interest of the citizens of Tennessee. Upon intake into our prison system, all offenders receive extensive medical, mental health, dental and substance abuse screening and testing to identify their health status and treatment needs. Each of the Department's facilities provides an on-site health clinic that offers a full range of healthcare services (e.g., daily sick call visits, chronic disease clinics, dental care, pharmacy, utilization management, inpatient services, infirmary services, suicide crisis intervention and emergency care).

### **Health Services**

Health Services strives for the provision of essential medical and dental care and the elimination of costly expenditures attributed to unnecessary procedures through extensive inpatient utilization management efforts, statewide nursing skill assessment and development and clinical case management. The goal of utilization management is to encourage the highest quality, in the most appropriate setting, from the most appropriate provider. Medically appropriate care is cost effective because it takes measure that both contains and avoids costs. Through the utilization management program the Agency seeks to avoid overuse of medical services by making clinical decisions based on available evidence based guidelines.

The Nursing Skills training ensures that all TDOC nurses are both competent and up to date in their ability to utilize each facility's infirmary to its full potential, thus decreasing the number of inmates needing costly emergency room treatment and hospitalization for minor and chronic conditions. This also allows for shorter inpatient days when hospitalization is medically indicated and a quicker return to the inmate's assigned facility, due to follow up care being performed on site, i.e. completion of IV antibiotics. Additionally, Control measures have been established to track hospital admissions and transfers to the emergency room. Since the implementation of the Nursing Skills training, monitoring has revealed an 8% reduction in emergency room encounters.

Due to extensive inpatient utilization management efforts the Department continues to achieve a significant decrease in hospital admissions. Hospital admissions have decreased approximately 500 encounters (see Figure 1) over the past 5 years.

The TDOC's Office of Health Services faces challenges resulting from rising healthcare costs, elderly inmates, staffing shortages and retentions, prescription drug costs, and treatment for communicable and chronic diseases.

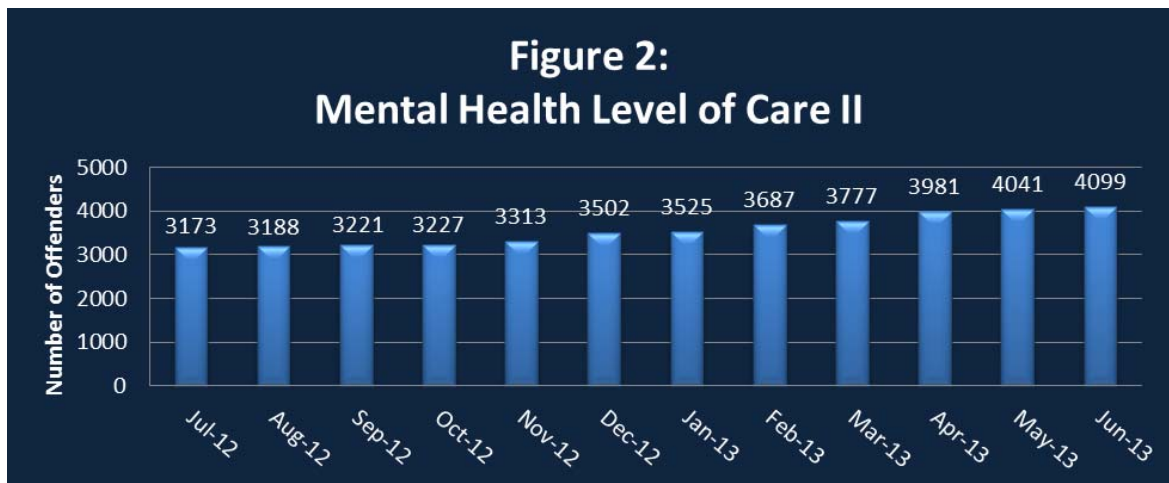

### **Behavioral Health Services**

Behavioral Health Services sets policy standards for the delivery of mental health and substance abuse treatment services and evaluates the care provided throughout the TDOC system. The goals are to (1) reduce the debilitating effects of serious mental illness and maximize each inmate's ability to participate in programs while maintaining a safe prison environment for inmates and staff, and (2) help prepare inmates with mental illness and/or substance abuse treatment needs to successfully transition from incarceration back to the community. Behavioral Health Services collaborates with mental health and substance abuse treatment vendors to provide specialty services (e.g., psychology, psychiatry, and substance abuse treatment). A continuum of services is provided including psychological assessment, case management, medication management, crisis intervention, individual/group therapy, substance abuse treatment services, and Sex Offender Treatment Program. During this last fiscal year, the TDOC Office of Behavioral Health Services has managed the following accomplishments:

- Expanded the creation of Centers of Excellence Level III and Level IV Supportive Living Units (SLU) at DeBerry Special Needs Facility, Morgan County Correctional Complex, Riverbend Maximum Security Institution, South Central Correctional Facility, and West Tennessee State Prison
- Treatment for co-occurring disorders
- Clinical case management to address the special reentry needs of offenders with significant mental health issues

- Integrated community-based forensic social workers into the treatment planning and delivery of mental health treatment needs for offenders under parole supervision
- In collaboration with our mental health vendor, created a web-based reentry portal to identify community resources such as housing, transportation, medical care, etc., that are available throughout the state to assist offenders in overcoming barriers that commonly pose a challenge to successful transition back to the community
- Behavioral Health Services has continued to utilize standardized protocols and guidelines for community transition of inmates with mental illness. The focus is treatment team effectiveness, case management, and transition/reentry of offenders with special mental health needs. Behavioral Health Services supports the use of behavioral and cognitive-behavioral interventions as an alternative to the exclusive reliance on psychotropic medication in addressing offenders' mental health issues.
- The number of offenders with mental health needs continues to pose a challenge to TDOC. Currently, there are approximately 4,682 offenders who receive treatment for a diagnosed mental disorder. (This number excludes those offenders who are participating in substance abuse treatment.)
- Approximately 16% of the offender population is receiving psychotropic medication for a mental illness. Within the past year, a Levels of Care system has been implemented which designates inmates according to their assessed level of mental health functioning. Data in Figure 2 indicates the number of offenders in the category (Level II) increased 29% since the implementation of the Level of Care system one year ago. The increase in the number of offenders identified as Level II may be indicative of both a more accurate assessment of the true mental health needs of the offender population, as well as the enhanced mental health treatment resources that are now available to offenders with the implementation of the new mental health contract.
