BUDGET AND STAFFING

The Central Office Human Resources section provides technical assistance and advice and ensures compliance with Civil Service Rules, EEOC/Affirmative Action, state law, and policies. This section also implements and monitors personnel-related programs such as employee relations, recruitment and retention, training, performance evaluations, employee transactions, and employee benefits, including accommodations under the Americans with Disabilities Act.

STAFFING TRENDS

Correctional facility staffing trends are presented in the graph above. They include data on total facility staffing (expressed in FTEs or full time equivalents) and uniformed security staffing levels as compared to the average daily inmate population.

Between FY 2005 and FY 2015:

- Inmate average daily population increased by 7.6%
- Total facility staffing decreased by 4.9%
- Total uniformed security staffing decreased by 15.8%.

SALARY COMPARISONS

The ability to recruit and retain qualified staff continues to be a concern for the Department. Because salary levels are critical in recruitment and retention of staff, the Department closely monitors other correctional and law enforcement agencies to compare its salaries with those offered by agencies performing similar functions.

State DOC	Average Starting Salary
Arkansas	\$30,135
Missouri	\$29,500
North Carolina	\$28,826
Alabama	\$28,516
Virginia	\$28,035
Tennessee	\$27,060 (July 1, 2015)
Georgia	\$24,322
Kentucky	\$23,346
Mississippi	\$22,006

When compared to neighboring state correctional departments, TDOC ranks 6th in the average starting salary for correctional officers. Of the 15 states participating in the Southern Legislative Conference, Tennessee places 9th – with an average starting salary below the SLC average of \$26,839.

Source: Southern Legislative Conference – July 2014

Federal Bureau of Prisons	\$39,400
Shelby County Sheriff's Office	\$35,531
Davidson County Sheriff's Office	\$33,166
Hamilton County Sheriff's Office	\$32,090
Knox County Sheriff's Office	\$30,507

TDOC also ranks low when compared to other correctional and law enforcement agencies located near some of our facilities. These are some of the agencies with whom we compete directly in the recruitment and retention of uniformed staff.

TURNOVER RATES FY 2014 - 2015

Institution		Correctional Officer Series Turnover Rate
Bledsoe County Correctional Complex	BCCX	55.2%
Charles Bass Correctional Complex	CBCX	35.0%
DeBerry Special Needs Facility	DSNF	40.2%
Mark Luttrell Correctional Facility	MLCC	25.9%
Morgan County Correctional Complex	MCCX	29.6%
Northeast Correctional Complex	NECX	19.7%
Northwest Correctional Complex	NWCX	49.2%
Riverbend Maximum Security Institution	RMSI	48.8%
Tennessee Prison for Women	TPFW	55.8%
Turney Center Industrial Complex	TCIX	30.6%
West Tennessee State Penitentiary	WTSP	43.8%
System-wide		40.3%

In FY 2015, the correctional officer turnover rate was 40.3% systemwide. The turnover rate includes all officers leaving positions, but excludes those occurring when an employee is transferred or promoted within the TDOC system in the correctional or probation/parole officer series.

Fiscal Year-End Incarcerated Felon Population Trends

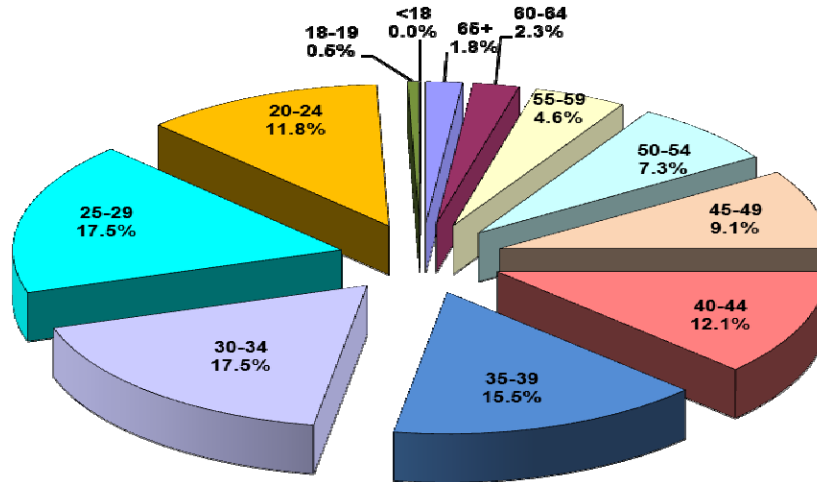

Over the past 14 fiscal years (2002 - 2015), the incarcerated felon population (including TDOC backup and locally sentenced felons) has increased 20.7% (from 24,235 to 29,263). The male and female felon population increased 17.3% (from 22,637 to 26,555) and 69.5% (from 1,598 to 2,708) respectively during this same period. During the past fiscal year, the total incarcerated felon population decreased from 29,885 in June 2014 to 29,263 in June 2015, a decrease of 2.1%. The male felon population decreased 2.0% and the female felon population decreased 3.2% during FY 2015.

DRUG SCREENS: FY 2014 – 2015

Random drug screens are conducted monthly on 2.5% of the inmate population. These screens are necessary to identify the use of substances frequently used in prison. Substance abuse program participants are given an initial urine screen at the beginning of the program and are subject to facility random and reasonable suspicion testing throughout the program. All positive screens are confirmed through additional testing, and graduated sanctions are used for any positive drug screen.

Inmate Drug Screens

CLINICAL SERVICES DIVISION

The Office of Clinical Services operates under the leadership of the Director of Clinical Services. The Division of Clinical Services supports the mission of the TDOC by providing quality healthcare in the most efficient, cost effective, and ethical manner possible to its more than 20,000 inmates, while protecting the public health interest of the citizens of Tennessee. Upon intake into our prison system, all offenders receive extensive medical, mental health, dental and substance abuse screening and testing to identify their health status and treatment needs. Each of the Department’s facilities provides an on-site health clinic that offers a full range of healthcare services (e.g., daily sick call visits, chronic disease clinics, dental care, case management pharmacy, utilization management, inpatient services, out-patient services, infirmary services, tele-health, tele-psychiatry suicide crisis intervention, and emergency care).

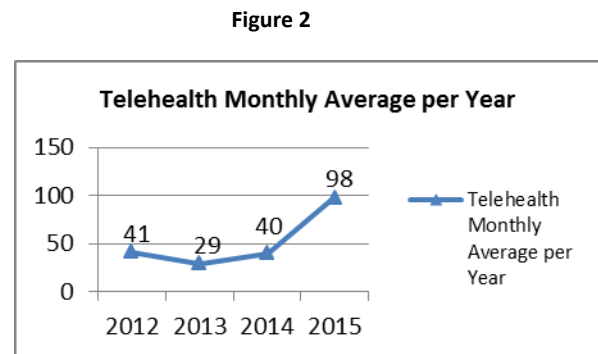

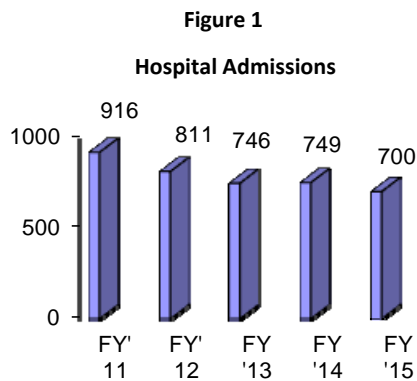

Health Services

Health Services strives for the provision of essential medical and dental care and the elimination of costly expenditures attributed to unnecessary procedures through extensive inpatient utilization management efforts, statewide nursing skill assessment, and development and clinical case management. The goal of utilization management is to encourage the highest quality, in the most appropriate setting, from the most appropriate provider. Medically appropriate care is cost effective because it takes measure that both contains and avoids costs. Through the utilization management program the Agency seeks to avoid overuse of medical services by making clinical decisions based on available evidence based guidelines.

The Nursing Skills Development Program ensures that all TDOC nurses are both competent and up to date in their ability to utilize each facility’s infirmary to its full potential, thus decreasing the number of inmates needing costly emergency room treatment and hospitalization for minor and chronic conditions. This also allows for shorter inpatient days when hospitalization is medically indicated and a quicker return to the inmate’s assigned facility, due to follow up care being performed on site (i.e. completion of IV antibiotics and limited chemotherapeutic agents). Additionally, Control measures have been established to track hospital admissions and transfers to the emergency room. One of the newer programs implemented was On-site Chemotherapy Infusion Program (OChIP) further reduces number of days a patient would have to remain in the hospital for their treatment. With the implementations of the OChIP program and the ongoing Nursing professional development, monitoring has revealed a 24% reduction in overall hospitalizations.

Due to extensive inpatient utilization management efforts the Department continues to achieve a significant decrease in hospital admissions. Hospital admissions have decreased approximately 216 encounters (see Figure 1) over the past 5 years. Telehealth has increased approximately 139% from 2012 to present (see Figure 2).

Behavioral Health Services

Behavioral Health Services sets policy standards for the delivery of mental health, substance use, and sex offender treatment services, and evaluates the care provided throughout the TDOC system. The goals are to (1) reduce the debilitating effects of serious mental illness and maximize each inmate's ability to participate in programs while maintaining a safe prison environment for inmates and staff, and (2) help prepare inmates with mental illness, substance use, and/or sex offender treatment needs to successfully transition from incarceration back to the community. Behavioral Health Services collaborates with mental health and substance use treatment vendors to provide specialty services (e.g., psychology, psychiatry, and substance use treatment). A continuum of services is provided including psychological assessment, case management, medication management, crisis intervention, individual/group therapy, substance use treatment services, and sex offender treatment.

- Standardized the curriculum for Centers of Excellence Level III and Level IV Supportive Living Units (SLU) at Bledsoe County Correctional Complex, DeBerry Special Needs Facility, Morgan County Correctional Complex, South Central Correctional Facility, Tennessee Prison for Women, and West Tennessee State Prison, to comprehensively address offenders' mental health and criminogenic needs.
- Expanded the use of telehealth for the delivery of psychiatric services.
- Decreased the percentage of inmates on polypharmacy (four or more psychotropic medications) from 4.9% to 4.0%.
- Implemented an evidence-based tool for identifying inmates' substance use treatment needs.
- Expanded substance use treatment services to inmates in the SAIU (Boot Camp).
- Increased collaboration with the Tennessee Board of Parole to ensure offenders receive the appropriate intensity of substance use treatment prior to release.
- Increased collaboration with the Tennessee Department of Mental Health and Substance Abuse Services to ensure inmates with severe mental illness receive appropriate mental health care upon reentry back to the community.
- In collaboration with our mental health vendor, maintained a web-based reentry portal to identify community resources such as housing, transportation, medical care, etc., that are available throughout the state to assist offenders in overcoming barriers that commonly pose a challenge to successful transition back to the community .the use of behavioral and cognitive-behavioral interventions as an alternative to the exclusive reliance on psychotropic medication in addressing offenders' mental health issues.

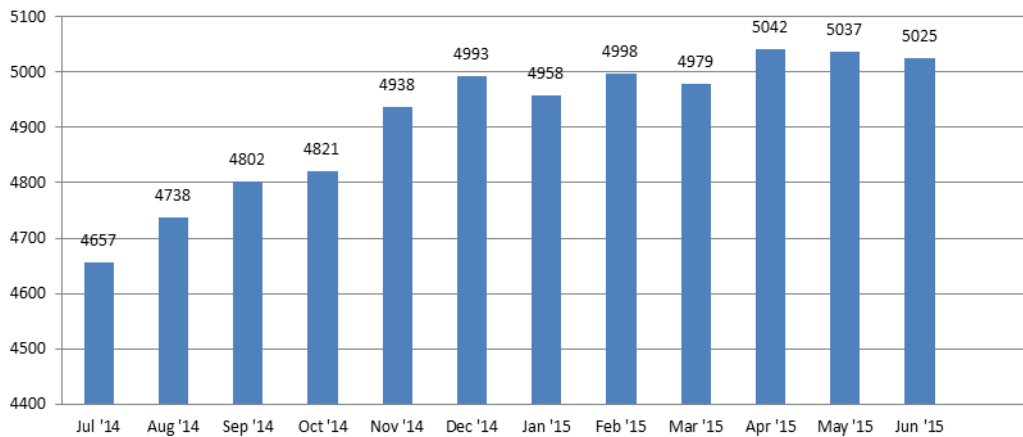

Behavioral Health Services has continued to utilize standardized protocols and guidelines for community transition of inmates with mental illness. The focus is treatment team effectiveness, case management, and transition/reentry of offenders with special mental health needs. Behavioral Health Services supports the use of behavioral and cognitive-behavioral interventions as an alternative to the exclusive reliance on psychotropic medication in addressing offenders' mental health issues.

The number of offenders with mental health needs continues to pose a challenge to TDOC. Currently, there are approximately 5,595 offenders who receive treatment for a diagnosed mental disorder. This number includes those in Levels of Care II, III, & IV; however, it excludes those offenders who are participating in treatment for a substance use disorder.

General Discussion

Approximately 18% of the offender population is receiving psychotropic medication for a mental illness. All inmates are assessed for their level of mental health functioning in accordance with a Levels of Care system. Data in Figure 3 indicates the number of offenders in the category (Level II) increased 8% over the past fiscal year. While this continues to reflect an increase in the number of offenders receiving mental health treatment since implementation of the Levels of Care system, the rate of growth is lower than the previous two years (15% and 29% respectively). We continue to believe the number of offenders identified as Level II reflects both a more accurate assessment of the true mental health needs of the offender population over time, as well as the enhanced mental health treatment resources that are now available to offenders with the continued implementation of the mental health contract.

Figure 3
Mental Health Level of Care II

Office of Quality Assurance

The establishment of the Office of Quality Assurance formalizes a mechanism of monitoring Rehabilitative Services (inclusive of Offender Development, Clinical Services, and programs and treatment offered to offenders through community supervision) across the state in order to determine program efficacy, cost effectiveness, and staff accountability while continuously evaluating quality assurance.

The Office of Quality Assurance incorporates a collaborative, evidence-based approach to measuring correctional intervention effectiveness through a continuous assessment process. This approach focuses on ongoing improvements from established benchmarks and measures, while ensuring programs are producing meaningful outcomes, such as customer service and preparing inmates for reentry, with the goal of reducing recidivism.

Office of Offender Development and Rehabilitation

The Office of Offender Development and Rehabilitation is a unit within Rehabilitative Services that is tasked with reducing recidivism through the following evidence-based programs and services:

- Risk/Needs Assessment
- Reentry Services
- Education
- Inmate Jobs
- Volunteer and Social Services
- Cognitive-Behavioral Programming
- Offender Workforce Development
- Counseling Services
- Housing
- Victim Services

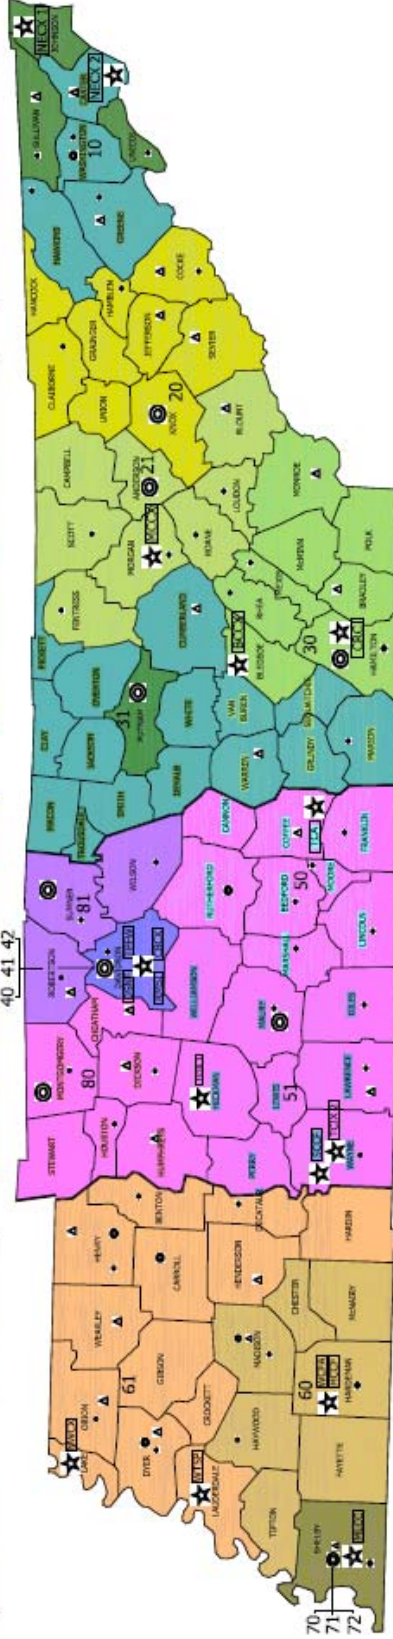

The Office of Offender Development and Rehabilitation has developed best practices for the offender assessment, classification, case management and reentry services process that ensures offender reentry plans and program case plans are developed for each offender that will follow them throughout their incarceration to ensure their program, education, and reentry needs are met. Additionally, the Office of Offender Development and Rehabilitation has expanded its cognitive behavioral programming to community supervision to ensure offender's programmatic needs are met with minimal delay. Other initiatives from the Office of Offender Development will be to ensure education and program slots are filled to capacity, expand post-secondary educational opportunities, reduce the number of offenders that remain in a TDOC facility after parole is granted, improve reentry services through the issuance of state identifications, housing, and employment, increase the number of active volunteers, and to expand community partnerships as part of the Take ONE program.

STATISTICAL ABSTRACT USER'S GUIDE

Population, Capacity, & Trends

TDOC Backup: Felons sentenced to TDOC custody and held in local jails while awaiting transfer to a TDOC institution.

Local or Locally Sentenced: Convicted felons sentenced to serve their time in a local jail. As felony offenders, these persons are under TDOC jurisdiction.

Other Convicted Felons: Convicted felons awaiting sentencing or not yet ready for transfer to TDOC because of other pending charges. Includes technical violators awaiting probable cause/revocation/rescission hearing or adjudication of pending charges.

Convicted Misdemeanants: Inmates serving time because of a misdemeanor conviction.

Pre-Trial Felony Detainees: Inmates charged with a felony but not yet convicted.

Pre-Trial Misdemeanant Detainees: Inmates charged with a misdemeanor but not yet convicted.

Others: Inmates held in local facilities for federal crimes, city ordinances, etc.

Community Corrections: A grant program created in 1985 as an alternative to incarceration. Programs are developed based on the individual needs of the area served.

Probation: Felons subject to conditions imposed by the court and subject to community supervision without incarceration.

Parole: Felons originally sentenced to an incarceration period and released to serve the remainder of their sentence under community supervision.

Offender Accountability, Programs & Services

Level of Care: An inmate's need for mental health services based on their ability to function in general population.

Level I: No mental health services are indicated for the inmate. Adjustment and function in the general population is not impaired by mental illness.

Level II: Mental health outpatient services are indicated when an inmate's ability to function in general population is mildly impaired due to mental illness and/or mental retardation or is not currently impaired but he/she needs monitoring.

Level III: Supported living unit services are indicated when an inmate's ability to function in general population is moderately impaired due to a serious mental illness. This designation reflects a tenuous mental status that is easily overwhelmed by everyday pressures, demands, and frustrations.

Level IV: Supported living unit services are indicated when an inmate's ability to function in general population is severely impaired due to serious and persistent mental illness. This level reflects active symptoms of a major mental illness and impaired reality testing.

Demographics

Class A Incidents: Events which involve life threatening matters and breaches of security that are likely to cause serious operational problems, imminent threat to the control and order of a facility and/or to the community

Selected other incidents: Less serious events where injury to staff, visitors and/or inmates may or may not have occurred that cause the disruption of the normal facility operation, or which pose a possible risk to the health or safety of the general public that did not require the involvement of outside agencies in institutional functions, as well as events that pose no threat to the local community, or to the safe and secure operation of the institution.

Please note that most incidents reported in the monthly summary may include more than one participant or infraction while other incidents are by definition about a single participant (ex: death or suicide).
