## Correctional Officer Salary Comparisons

The ability to recruit and retain qualified staff continues to be a concern for the Department. Because salary levels are critical in recruitment and retention of staff, the Department closely monitors other correctional and law enforcement agencies to compare its salaries with those offered by agencies performing similar functions.

### Average Starting Salaries: Neighboring States

State DOC	Average Starting Salary
North Carolina	\$30,866
Missouri	\$30,240
Virginia	\$29,596
Georgia	\$29,488
Alabama	\$28,517
Arkansas	\$28,480
<b>Tennessee</b>	<b>\$27,329</b>
Kentucky	\$26,400
Mississippi	\$24,903

When compared to neighboring state correctional departments, TDOC ranks 7<sup>th</sup> in the average starting salary for correctional officers. Of the 15 states participating in the Southern Legislative Conference (SLC), Tennessee places 10<sup>th</sup> – with an average starting salary slightly below the SLC average of \$28,264.

Source: Southern Legislative Conference – July 2016.

### Average Starting Salaries: Federal & TN Counties

Federal Bureau of Prisons	\$40,511
Shelby County Sheriff's Office	\$36,813
Davidson County Sheriff's Office	\$39,362
Hamilton County Sheriff's Office	\$32,090
Knox County Sheriff's Office	\$31,429

TDOC also ranks low when compared to other correctional and law enforcement agencies located near some of our facilities. These are some of the agencies with whom we compete directly in the recruitment and retention of uniformed staff.

In FY 2017, the correctional officer turnover rate was 36.7% systemwide. The turnover rate includes all officers leaving positions, but excludes those occurring when an employee is transferred or promoted within the TDOC system in the correctional or probation/parole officer series.

## DRUG SCREENS

Random drug screens are conducted monthly on 2.5% of the inmate population. These screens are necessary to identify the use of substances frequently used in prison. Substance abuse program participants are given an initial urine screen at the beginning of the program and are subject to facility random and reasonable suspicion testing throughout the program. All positive screens are confirmed through additional testing and graduated sanctions are used for any positive drug screen.

## Demographics

**Class A Incidents:** Events which involve life threatening matters and breaches of security that are likely to cause serious operational problems, imminent threat to the control and order of a facility and/or to the community

**Selected other incidents:** Less serious events where injury to staff, visitors and/or inmates may or may not have occurred that cause the disruption of the normal facility operation, or which pose a possible risk to the health or safety of the general public that did not require the involvement of outside agencies in institutional functions, as well as events that pose no threat to the local community, or to the safe and secure operation of the institution.

Please note that most incidents reported in the monthly summary may include more than one participant or infraction while other incidents are by definition about a single participant (ex: death or suicide).
