I wish to comment in support of Fairley High School

Written Comment Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Fairley High School should remain a Green Dot Public Schools Tennessee charter.

Thank You.

,

Greetings,

The Charter Commission is accepting written public comments for their public hearing on our Fairley High School public charter school appeal. The Commission will continue to accept written public comments until one week after the conclusion of the public hearing, September 6, 2023 at 8:30 A.M. One of the most significant ways we can impact is through written public comments.

Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Fairley High School should remain a Green Dot Public Schools Tennessee charter.

Thank You.

I wish to comment in support of Fairley High School

Written Comment Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Written Comment Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Fairley High School should remain a Green Dot Public Schools Tennessee charter.

Thank You.

I wish to comment in support of Fairley High School

Written Comment Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Fairley High School should remain a Green Dot Public Schools Tennessee charter.

Thank You.

Written Comment Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Fairley High School should remain a Green Dot Public Schools Tennessee charter.

Thank You.

Written Comment Greetings,

I would like to support Green Dot Public Schools TN's reauthorization for Fairley High School. Green Dot is the best option for students in the Lakeview Gardens community because they understand the challenges of high school transformation and all it takes to prepare students for college, leadership, and life. GDPST has worked hard to connect with families, community stakeholders, and alumni.

Fairley High School should remain a Green Dot Public Schools Tennessee charter.

Thank You.

Written Comment I am a Government and Economics teacher at Fairley High School. I am writing this in full support of Fairley High School. Since I have been at this school I see the immense need for this school to have the full support of the Commission. The students have built long lasting relationships with the staff and the culture is undeniably changed. There is a sense of pride and accomplishment whether big or small. Staff make learning the top priority each and every day. Thank you for time and consideration

Hello. My name is Amertice Allen, and I have the privilege of serving as Board Chair for Green Dot Public Schools in TN. Being a native Memphian and my time on the Board, has allowed me the opportunity to see the positive impact that Green Dot has had on various communities, especially the Fairley community. I'm sending this plea as an effort to request that the TN Charter Commission considers and approves the reauthorization of Fairley High School.

I'm not just a Board member. I'm also an advocate for providing the best education for children in our underserved populations. My colleagues and I had the privilege of mentoring students at Fairley High School. One of my fondest memories occurred when I visited Fairley High School 8 years ago.

Students spoke to me about how they felt cared for and the renewed school pride they had upon Green Dot coming into the school and having a presence at Fairley. It was then I wanted to know more about Green Dot, and later joined the Board. Fairley High has been a cornerstone in the Whitehaven community for over 50 years, so it speaks volumes to have students of this generation, Fairley High School Faculty, Fairley Alums, and committed community leaders to continue to build on this pride and take Fairley High into the future. I know Green Dot can continue to have a positive impact, make great strides in educating our students, and get students prepared for college from the Whitehaven and Westwood communities that are served by Fairley High School.

Yours truly,
Amertice Allen, MPH

The students wouldn't have an opportunity to attend a school in their neighborhood and enjoy the history their parents and siblings had attending Fairley High. The stats show the increased graduation rates and the Positive vibe with the students and families there at Fairley. Students are discussing and planning to attend college since attending there.</p> <p>I hope that you would consider keeping Green Dot operating Fairley High.</p>

The Green Dot program has helped these students not only dream about what's possible, but also become what some may have thought was just a dream. Our youth are in danger, and if you take away the Green Dot program, you are removing the people that instill hope in these kids every day. Please consider continuing to operate as a Green Dot School. Our community needs this - and our kids deserve it.</p>

Written Comment

To the Tennessee Charter Commission:

My name is David E. McIntyre of Memphis, Tennessee and I am writing in support of the Memphis-Shelby County Schools decision to deny the Green Dot Public Schools of Tennessee ("GDPST") a charter for Fairley Highschool.

For the previous two school years, I was the eighth-grade science teacher at Kirby Middle School ("Kirby"), a GDPST school. I received favorable observations and left voluntarily in June of 2023 to begin my twelfth year as an educator with another school. Just prior to joining GDPST, I completed my juris doctorate at the University of Memphis Cecil C. Humphreys School of Law. The following allegations are just that and should not be misconstrued as legal advice or a definitive legal finding which requires a hearing before a trier of fact. In other words, despite my legal background, I am only representing myself.

ATTEMPTING TO CONCEAL IMPROPER NOTICE OF GDPST BOARD MEETINGS

In December of 2022, I discovered that GDPST violated Tennessee's Open Meetings Act ("TOMA") numerous times; with the most egregious violations being GDPST's attempt to conceal their failure to provide notice of the GDPST Board Meetings on October 27, 2022 and December 8, 2022.

On December 12, 2022, I documented that GDPST did not post Board Meeting dates, times, or locations in any public physical locations, on their website, or on the BoardOnTrack platform which GDPST claims to use in order to comply with TOMA. After alerting GDPST to their violations, GDPST deceptively attempted to post retroactive notice to the BoardOnTrack platform for the October and December Board Meetings. After filing a whistleblower claim with the GDPST People Team (human resources), GDPST stated in an email to me that "[w]e have verified that after the annual board calendar is approved, the practice is to post all regular board meeting dates, times, and locations in Board on Track, which we believe provides sufficient notice under the Open Meetings Act." However, this statement does not comport with the facts:

- The meeting dates, times, and locations were not posted to BoardOnTrack, the website, or anywhere at Kirby Middle School until sometime after December 12, 2022 as evidenced by a screenshots and emails provided to GDPST.
- This could be further evidenced by comparing the meeting locations listed for the October 27, 2022 meeting the approved calendar (Wooddale Middle School), the Agenda and Minutes (Fairley High School), and Executive Director, Jocquell Rodgers and former Executive Director Megan Quaile's Microsoft Outlook calendars ("via Zoom" with no physical location listed).
- The Zoom link was password protected and not publicly available.

In addition to discussing the issues with GDPST Home Office staff, I also attended a Green Dot Public Schools National ("GDPSNational") Board Meeting to provide notice of the violations in Tennessee. In attempting encourage GDPSNational to insist on GDPST remedying the violations, it appears that GDPSNational instead condones GDPST attempts to conceal the violations.

LESSER VIOLATIONS OF TOMA

On at least nine different occasions, GDPST failed to ensure that the forum used for electronic communication was available to the public when they did not post a meeting link.

On at least three different occasions GDPST called meetings to order without a quorum.

On at least twenty-four different occasions, GDPST failed to record accurate roll call votes in electronic or remote meetings.

EVENTS REQUIRING FURTHER EXPLANATION OR INVESTIGATION

Between January 20, 2022 and February 11, 2022, the GDPST may have held a Board Retreat where it may have been decided that the former Executive Director, Megan Quaile, would resign and current Executive Director for the GDPST, Jocquell Rodgers, was chosen. The January 20, 2022 GDPST Board Meeting minutes mentions a request for dates from board members for a board retreat. On February 11, 2022, in a twenty-one minute, special-call meeting that was scheduled to begin at 2:00pm and ended at 2:21pm, the Board presumably voted to hire Jocquell Rodgers as the Executive Director of GDPST with presumably no public discussion or input. The minutes for that meeting remain unpublished meaning there is no record of any vote for the hiring their current Executive Director, officer positions, or the election a new board member.

On February 11, 2022, at around 2:35pm, Megan Quaile sent a calendar invitation to Kirby Middle School staff introducing Jocquell Rodgers as the new GDPST Executive Director and inviting us to speak with her during our lunch period the following week. The timing of the invitation implies that the GDPST voted to hire Jocquell Rodgers as the Executive Director during the special meeting, however, as stated previously, no public record of the vote is available.

FINAL THOUGHTS

My colleagues at Kirby Middle School are some of the finest educators I have ever had the privilege to know. They are phenomenal teachers, working every day to enrich the lives of our children. And without

diminishing their amazing work in any way, I believe the Green Dot Public Schools of Tennessee organization operates without regard for one of the most basic and fundamental pillars of democracy: that public business shall not be conducted in secret.

Moreover, after being alerted to a potential oversight, the Green Dot Public Schools of Tennessee attempted to conceal this violation, furthering their obfuscation of public business. An organization that operates with this level of impunity should not operate Fairley High School.

They should not operate Hillcrest High School. They should not operate Wooddale Middle School or Kirby Middle School or Bluff City High School either. They should not operate in Memphis or the Great State of Tennessee.

I will email this comment with included evidence to CharterSchool.Appeals@tn.gov.
